VOL. XII. NO. 184.

SANTA ANA, CALIFORNIA, THURSDAY EVENING, JULY 5, 1917.

50 CENTS PER MONTH

U. S. ARMY WILL BE ENCAMPED IN BATTLE ZONE BY JULY 15

ALL EXEMPTION PLEAS ARE TO BE HEARD BY FULL BOARD

Personal Interviews Will Not Be Tolerated, Says Chairman Minter

FAIR PLAY IN EVERY WAY TO BE SLOGAN
Definite Instructions As to Procedure Have Not Yet Been Received

Any person who has anything to say about his own or any other person's exemption from military draft must say it to the exemption board when in session, and at no other time.

Individual interviews will not be granted by any member of the local board, which is composed of G. W. Minter, chairman; S. W. Nau and Dr. D. F. Royer.

Efforts to secure personal interviews may add to the difficulties of any person seeking exemption.

While no formal resolution has been passed by the Orange County Exemption Board No. 1, which will pass upon exemption claims in the first, fourth and fifth supervisory districts, the above is an outline of the determination of the three members of the board.

The board is determined to do its duty in a fair, square way, and it is convinced that there is but one fair way to handle the situation, and that will be by setting one rule for all applicants.

"Not one of us will listen to any representations made to us outside of the hours when we sit as a board," declared Chairman Minter today. "It will be absolutely useless for any person to attempt to lay any facts before us individually. We will not allow any such representations to be made to us personally by our personal friends or by anybody else. Anybody who has a single thing to say to us concerning the exemption of any individual must say it in the presence of the entire board."

The exemption board is hard at work today, and will be hard at work until tomorrow night getting the registration cards stamped and signed ready for forwarding to the adjutant general of the state. These men are serving upon the exemption board without pay.

Board No. 2, which will handle the exemption claims from the second and third supervisory districts, is doing like work at Fullerton, where it meets.

Neither exemption board has received definite instructions as to how it shall proceed in the making of exemptions.

6 DEAD, 12 HURT, IS SO. CAL. JULY 4 TOLL

LOS ANGELES, July 5.—Six dead and at least a dozen injured, is the toll of a "Safe and Sane" Fourth of July in Southern California, according to early tabulations made here today.

Mrs. Elizabeth Moore, 28, El Monte, burned to death in forest fire in Laurel canyon, started by small boys and firecrackers.

John Ardiss, 16, drowned at "Fourth" swimming party.

Ramon Castro, 10, Sherman, dynamite bomb victim.

Robert Montano, 14, shot by boy companion in tussle for revolver.

William Evans, 15, drowned.

The injuries range from slight burns to fractured skulls and internal injuries.

S. F. PLANT TO BUILD 30 STEEL FOOD SHIPS

SAN FRANCISCO, July 5.—Thirty steel cargo vessels for Uncle Sam's food fleet are to be built at the Union Iron Works on San Francisco Bay.

That was the announcement today by J. A. McGregor, president of the Union Iron Works, who has just returned from Washington, where he went in connection with the federal ship building plans. The Bethlehem Steel Company, which controls McGregor's company, has agreed to deliver the government 100 steel vessels in eighteen months and one-third the number assigned to San Francisco.

McGregor says that work on additional ships costing \$2,000,000 will begin as soon as the final contracts are closed.

DRAFT LOTTERY TO BE STAGED ON DAY AFTER BOARDS ARE FORMED

WASHINGTON, July 5.—The draft lottery is to be staged in Washington on the day following the completion of the organization of the local exemption boards, it was learned today.

Provost Marshal General Crowder today urged the boards to finish their labors before Saturday.

BIG NEGRO PLOT IN E. ST. LOUIS RIOTS BARED

War Department Probe Begins As Militia Laxity In Race War Is Hinted

EAST ST. LOUIS, July 5.—The war department's probe of East St. Louis' riots, resulting in the death of upward of 100 negroes, and four white men and the injuring of three white women, began today.

Colonel George H. Hunter, chief quartermaster of the Central Department, arrived in the city as personal representative of General Thomas H. Barry of Chicago, commander of the Central Department, with orders to make a thorough investigation.

Alleged laxity of militiamen is said to have prompted the probe. Colonel Hunter's inquiries, it is said, will concern only the military phase of the tragedy and probably will cover the following points:

Whether militiamen watched, without interference, the murder of negroes Monday night.

Whether militiamen fraternized with the mob.

Whether officers in command of the troops are to be upheld in their behavior in the crisis.

There is a tendency on the part of city officials to place the entire blame for the seriousness of the rioting on the military, but this meets with little sympathy from unprejudiced observers.

Astonishing revelations that have been brought to light show that there was a well-organized plot among negroes to make Independence Day yesterday a second St. Bartholomew's Day. Four companies of blacks, all armed, had been practicing for the purpose of getting revenge for the massacre of negroes last May, it is declared. When one of these companies was surprised by detectives, the negroes fired, killing a white man and precipitating the riot.

ULTIMATUM HURLED AT KAISER BY ARGENTINE

BY CHARLES P. STEWART (United Press Staff Correspondent)

BUENOS AIRES, July 5.—Argentina has served an ultimatum on Germany. From reliable sources it was learned today that a note just dispatched to Germany virtually asserts that unless Germany makes immediate indemnification for past destruction of Argentine ships and grants assurance against future attacks, Argentina will break relations.

It is stated the Argentine note does not include a time limit within which the republic demands Germany's reply, but this limitation was omitted purely because of uncertainty of communication with Berlin. For two weeks Argentina has been approaching the point where she was ready to break relations with Germany. The crux of the situation lies in the case of the Argentine steamship Protegido. This vessel was torpedoed without warning and several Argentine citizens lost their lives. Germany admitted the sinking, condoned it and offered reparation after an interchange of notes.

Then, after offering reparation, Berlin apparently forgot all about it. Some time ago Argentina sent a "reminder" but still there was no response.

CURFEW WILL RING IN ANGEL CITY TONIGHT

LOS ANGELES, July 5.—The curfew rings tonight in Los Angeles, at 9 o'clock. Strict enforcement of this law as a means of protecting minor children from evils of the street will be insisted upon by Chief of Police Butler, he announced today. The age limit is 17.

STEPS IN FRONT OF AUTO. HIT. DIES OF HIS INJURIES

Anaheim Man, Aged 76, Is Dead As Result of Accident On Highway At Tustin

John Moore, aged 76, of Anaheim, is dead as the result of injuries received yesterday afternoon about 5 o'clock when he was struck by an automobile on the state highway in front of the Arrow Garage at Tustin. He was struck by an automobile driven by Daniel Rios, aged 14, of Santa Ana. Moore started to cross the state highway when Rios' machine hit him, and carried him sixty feet.

John Moore, a retired farmer, lived at 876 East Broadway, Anaheim, with his wife. They went to Anaheim from Ludden, N. D., six or seven years ago. An old friend of theirs in North Dakota was J. C. Craft and his wife, now of East Anaheim.

Yesterday Craft drove his machine to Laguna Beach and was returning when the accident occurred. With Craft were his wife, Moore and his wife and Carl J. Grinnell of Orange, nephew of Craft, and his wife.

Returning, Craft stopped on the east side of the state highway, off the pavement, opposite the Arrow Garage at Tustin, in order to get some water to fill his machine. Grinnell was getting the water. Moore got out of the automobile and started across the state highway to the garage. At the time there was a stream of automobiles passing. Rios was one of the few going south.

Moore got by the center of the highway safely when he was struck by the machine that the boy was driving. Some of the witnesses said the boy's machine was going thirty miles an hour.

The body of the old man was caught between the hood and the fender, and sixty feet from the point where the collision occurred the man dropped on to the pavement. According to craft's measurements it was sixty feet further that the Rios automobile came to a stop.

Moore was taken to the Santa Ana Hospital in the county ambulance. He died a few minutes after he was taken into the hospital. He had his skull and one leg broken.

Moore's wife was sitting in the automobile when the accident occurred. Mr. and Mrs. Moore had no children.

Frank M. Radovan of El Toro and Chester Burns of Claremont saw the accident.

Coroner's Inquest

Coroner Winbiger conducted an inquest at Backs & Terry's undertaking establishment at Anaheim this morning. The coroner's jury fixed no blame, but declared that death was due to an accident. It stated in its verdict that Daniel Rios, who drove the car, was 14 years old and had no chauffeur's license.

In the machine with Daniel Rios was his brother, Manuel, aged about 20, and F. M. Radovan of El Toro, for whom the two Rios boys have been working in the apricots. The machine belonged to Harvey Rios. The Rios boys live on East First street east of the Santa Fe.

Witnesses stated that they thought the man who was killed was careless in that he walked out upon the highway without waiting until he could pass without danger to himself.

MACHINES DAMAGED ON SEAL BEACH ROAD AND MAIN ST.

Guy Grafton was hurled from his Ford car on the Seal Beach road yesterday when the machine turned turtle and escaped without and serious injury. The fact that the young man was driving only about 15 miles an hour saved him from being seriously hurt.

He was by himself, and a too sudden jerk on the steering wheel sent the car careening into the gutter. The left front wheel had to be replaced with a new one and other parts of the car were broken.

This is the same car young Grafton's father was driving, when a few months ago Grafton and a party of gentlemen were thrown out on South Main street as the result of the machine turning over.

A Saxon touring car belonging to Bessie M. Glassbrook, 144 1/2 Ridgeway avenue, Los Angeles, lost a rear wheel yesterday evening in a collision with a Buick at the corner of Santa Clara avenue and Main street. It was brought to the Libby garage for repairs. No one was hurt.

SAN PEDRO MAN RESCUED FROM SURF

SEAL BEACH, July 5.—Louis Dishner, 23 years old, of No. 971 Sixth street, San Pedro, had a narrow escape from drowning while bathing in the surf off Anaheim Landing yesterday afternoon. Dishner was rescued from the breakers after he had gone

TEUTON SUBMARINE IS BELIEVED SUNK WHEN STEAMER OPENS FIRE

AN ATLANTIC PORT, July 5.—A story of another supposed victorious battle with a submarine was told today by the passengers of a British steamer arriving here.

The battle started when a U-boat launched a torpedo at the vessel.

One shot from the steamer took effect and the submarine disappeared.

down twice. He was carried ashore unconscious. After physicians had worked over his body for an hour, and the youth finally showed signs of life, he was rushed to a local hospital, where it is thought he will recover.

Miss Clara Peterson and Arthur Shonts, also of San Pedro, were rescued at the same time, but were not in such a serious condition.

SAYS ONLY U. S. CAN PREVENT CHINA WAR

WASHINGTON, July 5.—That the attempt to establish a monarchy in China may fail is indicated in State Department messages today saying that the North is not extending support to the emperor.

SAN FRANCISCO, July 5.—The one thing that will save China from the blight of a bloody civil war is interference of the United States, Soo Koo Nam Art, editor of Chung Sai Yat Po, the Chinese daily newspaper here, declared today.

He believes that "certain other nations" are behind the monarchial movement, centering their efforts on the sixteen northern provinces of China, where the people are not progressive and not in touch with outside affairs. The editor predicts that the six southern provinces will resist the monarchy to the last.

U. S. AID IN STRIKE AT GLOBE CONSIDERED

WASHINGTON, July 5.—The Arizona Copper Company today appealed for government aid in ridding mine districts in the Southwest of "labor agitators and other enemies conniving at this country's defeat."

GLOBE, Ariz., July 5.—The question of whether federal support and aid is necessary here to cope with the I. W. W. strike situation has been put up to Governor Tom Campbell by the government. Thus far the governor is disposed to attempt mediation himself. Meanwhile the situation early today is apparently unchanged after armed clashes between miners and citizens' posses were narrowly averted yesterday.

JOLT IS GIVEN TO PRESIDIO BRUMMELS

SAN FRANCISCO, July 5.—Those boys at the Presidio reserve officers' training camp who erstwhile strutted about in leather puttees and flossy uniforms got a jolt today. Colonel Fred Sladen, commandant, issued an order positively forbidding any student to wear at any time any detail of uniform except that of a private.

Leather puttees, white shirts and collars, as well as colored uniforms are barred. Nothing but the common or garden uniform of a private will be permitted, canvas leggings and all.

Furthermore, some of the company commanders have issued orders forbidding the men to smoke from the first formation in the morning until noon.

Sherman was right, say the students.

7 DEAD, 145 INJURED IN NATION YESTERDAY

CHICAGO, July 5.—Seven killed and 145 injured was the toll of Fourth of July accidents throughout the country, according to records compiled by the Herald today.

This company, with 466 killed and 3983 injured in 1903 and 163 killed and 5460 injured in 1908, two high record years, and thirty killed and 320 injured last year.

Of the injured this year, fireworks were responsible for 87; cannon for 5; torpedoes, 5; gunpowder, 27; and pistols, 21. They were apportioned among fifty-five cities.

2 BOYS DROWNED IN RIVER NEAR MODESTO

MODESTO, July 5.—Pete Boggio and Tony Coppi, both 19 years old, of Riverbank, were drowned yesterday evening while swimming in the Stanislaus River just north of Modesto.

The bodies were not recovered up to noon today, though a force of searchers are dragging the stream. Boggio and Coppi were members of a Swiss picnic party. The drowning occurred when one tried to assist the other, who had gotten beyond his depth, both being swept under by the stream as they grappled in the water.

DANIELS CLEARS NAVY OF GUILT IN 'LEAK' OF WAR SECRETS

U. S. Officials Convinced Foe Spread Diver Fleet to Way-lay Yankee Transports

WASHINGTON, July 5.—Creation of a national intelligence service to combine the work of all secret service organizations of the government was announced today by the department of justice. This is made necessary by the hunt for German spies.

BY CARL D. GROAT (United Press Staff Correspondent)

WASHINGTON, July 5.—America's spy hunt today tended to absorb any navy members from guilt in spreading advance news upon which Germany mobilized her U-boats to waylay United States army transports.

With a new battle recorded—that between a United States provision ship's convoy and two German submarines—officials, however, were more than ever convinced that Germany spread a flotilla of her submarines to deal death to America's first expeditionary force.

This new battle occurred between submarines and conveying warships which protected a big navy transport bearing provisions and gold to pay the Sammies abroad. Officials said it was possible this incident was that recorded in United Press dispatches recently which said a "veritable treasure ship for a lurking submarine" escaped from mines and submarines.

This navy transport headed for shallow water when the engagement opened, thereby making it less liable to attack by the submarines. Two torpedoes were discharged, both going wide of their mark.

The destroyer convoys soon drove the submarines off.

What is regarded as further proof of this idea was seen in decreased submarine tolls on merchant shipping the past two weeks.

With only twenty ships sunk for the week ending yesterday and twenty-eight the previous week, it was felt here that Germany had called her U-boats from their work and told them to "get" Pershing's expedition.

Secretary of the Navy Daniels indicated strongly that the navy department had been thoroughly investigated and that he had found there could be no leak from that source inasmuch as the orders were sent out in a special secret code and were sealed when delivered to Admiral Gleeves of the destroyer convoy. It would not have taken a particularly efficient German spy, however, to collect the news of the transport sailing. To get it to his government required greater efficiency of system.

The preparations and sailings were well known in the American port from which the transports sailed. There are also sufficient open cable and wireless routes whereby the spy could send an innocent appearing message, which, in a prearranged code, would notify Berlin of the departure of the ships. Then Berlin could have wirelessly her U-boats to get on the likely route and thus bag the transports.

It is believed here this is what happened.

The spy hunt is going on carefully. Meantime there is talk of co-ordinating the various secret agencies under a single head, in order to avoid duplication of effort or loose work, which, it is claimed, has resulted under the present scattered system of several independent groups.

WOMEN ARE MAKING GOOD AS RAILROADERS

SAN FRANCISCO, July 5.—Women are making good in the railroad business, instructors at the Southern Pacific's training school for prospective railroaders, to which ten young women were admitted about a month ago, declared today.

The girls, aged 19 to 25, were made to work alongside the men, learning the mysteries of selling tickets, billing freight and taking train orders. In five months, Instructor J. W. Miller predicts, they will be able to perform the duties of station agents.

1 DYING IN BATTLE ON FREIGHT CAR TOP

SAN BERNARDINO, July 5.—In a battle for life on top of a swaying freight car, Lewis Nefsky hurled two Mexican assailants off the car before he was shot three times himself, and tumbled to the ground. The last Mexican to fall shot Nefsky from the ground. He may die.

MASTER TEUTON SPIES AT WORK IN U. S., IS VIEW OF OFFICIALS

NEW YORK, July 5.—That there are several of Germany's ablest spies operating in this country is the view of many government officials today.

United States operatives are busy trying to run down the person or persons who tipped Germany off to the fact that American transports had sailed for France.

GUNS HALT RUSS: HAIG BLOW IN BELGIUM WINS

Slavs Retreat At One Point, Repulse Foe At Others As Teutons Mass Cannon

PETROGRAD, July 5.—Teuton army chiefs concentrated counter-attacks offensive and at one point east of Brzezany the war office announced the pressure of the enemy assault had compelled a retirement under artillery fire.

"East of Lipitza and Dolnana," the statement continued, "the enemy was twice repulsed."

TEUTON MASSES ATTACKS REPT BY FRENCH SHELLS

PARIS, July 5.—German massed infantry attacks south of Laon were dissipated by a withering French fire, the war office today announced.

Active artillery in the regions of Moronville, Prunay and Hill 304 was reported in the official statements.

NEW SHIFT BY BRITISH ROUTS TEUTONS IN FLANDERS

LONDON, July 5.—Continuing his tactics of "mixing" his blows at the enemy, Field Marshal Haig last night struck successfully at the enemy southwest of Hollebeke in Belgium.

"We advanced our lines tightly over a front of 600 yards," he reported today.

The new "uppercut" at the German lines found its impact in that section near where the British achieved their great gains by the Messines-Wytschaete ridge victory. There has been little fighting in this salient for a week.

Hollebeke is three miles southeast of Ypres. It is the northernmost point in the sharp angle formed at Comines by junction of the Ypres-Lille canal and the river Lys. At the time of the Messines-Wytschaete victory the Germans were reported to be evacuating this angle because of the difficulty in defending its marshy lowlands and because the two waterways hemmed in their forces. The evacuation, however, was mostly of the southern part of the angle and the German lines held firm around Oostverm Wambeke and Hollebeke.

5 MORE MEN LINKED WITH SMUGGLING RING

SAN FRANCISCO, July 5.—Five additional employees of the Angel Island immigration station are implicated in the alleged \$100,000 smuggling ring in confessions made by three of the alleged ring members, Solicitor J. B. Denmore of the Department of Labor announced today. Their dismissal is expected next week.

The confession of the three Angel Island employees is said to connect still more strongly with the smuggling operations three San Francisco attorneys who were involved when a Chinese under arrest revealed the inner workings of the scheme. Reports that the life of this Chinese is in danger as a result of his confession have caused the authorities to place him under heavy guard.

TEUTON SONGS BARRED IN SCHOOLS OF L. A.

LOS ANGELES, July 5.—"Die Wacht Am Rhein" no more will make the corridors of Los Angeles school buildings re-echo to the voices of lusty-lunked school children.

"Heidelberg" has been sung in the Los Angeles school rooms for the last time.

The Board of Education has placed a ban on German patriotic songs, following recommendations of the State educational commissioners. Only folk songs of harmless content will be permitted.

U. S. WARSHIP AIDS IN DRIVING OFF U-BOAT

LONDON, July 5.—An American transport unloading coal joined with land batteries at a port in the Azores islands in attacking a German submarine which had begun to shell the town. The American transport and land batteries drove off the U-boat.

ONE BATTALION OF PERSHING'S MEN DEPARTS FROM PARIS FOR FRONT

Headquarters of American Commander Is Scene of Tremendous Activity

EVERY AMERICAN ARMY OFFICER WORKS HARD

French Capital Remains Decorated With Stars and Stripes

BY W. S. FORREST (United Press Staff Correspondent)

PARIS, July 5.—America's first expeditionary force will be established in its permanent camp in the war zone by July 15, it was announced today. One battalion—that which gave Paris an opportunity to celebrate yesterday—left today for that camp.

Paris remained decorated with the American flags put up for yesterday's Independence Day celebration.

Major General Pershing's headquarters on the Rue Constantine, is a scene of tremendous energy—every officer from Pershing down working hard.

BY W. S. FORREST (United Press Staff Correspondent)

PARIS, July 5.—(Passed by Censor at Washington.)—Part of Pershing's Sammies are off for their final training before going to the front-line trenches.

Following a typical Fourth of July celebration yesterday, the battalion of United States regulars who were brought here from a French port, left early today for their permanent camp.

General Pershing is extremely anxious to get all of his men settled down into the permanent camps and busy at the final touches which will make them ready for the trenches. Also he is anxious himself to clean up routine work at headquarters here in Paris and get out to camp. At a French port the Americans yesterday spent the Fourth playing baseball and other sports, and the naval envoys attended countless receptions arranged by the hospitable French families of the town. It was a day of relaxation by both the army and navy.

A FRENCH PORT, July 3.—(Delayed.)—(Passed by American Censor.)—Although the American expeditionary army is to leave the latter part of this week for its permanent training camp behind the firing line, it has started "intensive training" here.

The training consists of marches and trench practice. The French inhabitants here are thrilled daily with lines of troops traversing the streets headed by bands. Hundreds of troops bathe daily in the cold sea near the temporary camp and the daily baseball games are a feature of camp life.

Military and naval police patrol the city, maintaining strict order.

Arrival of the last group of transports carrying horses, automobiles and supplies was announced today. The Americans also have turned to building operations. Today practically all of the cantonment buildings had been enlarged and a number of new ones erected.

Medical headquarters today declared that the health of the American army is excellent. There are a few scattered cases of mumps and measles, but no serious illness.

The American Y. M. C. A. has formally opened its building at the camp, furnishing rooms for reading, writing and entertainment.

The last bit of the cargo brought over for the troops was unloaded today. This "last bit" was a big shipment of American mules—army mules. The army commanders apparently saved them up for the last, they being the hardest job of unloading.

ARTILLERYMEN LAUNCH ATTACK AT PALO ALTO

SAN FRANCISCO, July 5.—Three hundred men of the 5th and 9th coast artillery companies left Fort Winfield Scott for Palo Alto today. On arrival they launched a sharp attack against the trees and shrubs which cover parts of the site of the twentieth national guard division camp and at last reports were winning all objectives. In a few days contracts for plumbing and sanitary sewers for the camp will be let. The coast artillerymen will do all of the preparatory work. Army officers estimate it will take weeks to complete the camp.

RECORD BREAKING CROWDS GO TO BEACHES AS INDEPENDENCE DAY IS ENTHUSIASTICALLY OBSERVED

Young America and Old America of a goodly portion of Southern California joined hands yesterday in celebrating Independence Day along the shore line of Orange county. The celebrators lined the shores from Sunset Beach to San Onofre, and with the exception of a near-drowning at Seal Beach not an accident of any consequence marred the pleasure of those gathered at the beach within the limits of Orange county.

A crowd estimated at between 15,000 and 20,000 was on the strand embracing the city of Newport Beach, which includes Newport, East Newport and Balboa. Seal Beach entertained a tremendous crowd, while Laguna, Huntington Beach, Sunset Beach, and other resorts along the coast had good crowds.

Fullerton was gay with bunting and flags in a celebration that entertained a big throng. Fullerton, Seal Beach and Newport were the only cities in the county that made any particular pretense at offering a Fourth of July program.

Continuous Auto Procession
Saturday afternoon and Sunday up to as late as 2 o'clock in the afternoon automobiles passed through Santa Ana to the south in almost one continuous stream carrying light-hearted and happy passengers bent on a day of pleasure and observance of the big national holiday.

At Balboa the Newport Harbor Yacht Club held its opening races, providing a program of highly interesting racing events. The first event started at 1:30, with a free-for-all for sailing boats. Potter's racing catboat won the event, with the Marion second and the Sandab third.

NO HEADACHE OR NEURALGIA PAIN

Get a 10 cent package of Dr. James' Headache Powders and don't suffer.

When your head aches you simply must have relief or you will go wild. It's needless to suffer when you can take a remedy like Dr. James' Headache Powders and relieve the pain and neuralgia at once. Send someone to the drug store now for a dime package of Dr. James' Headache Powders. Don't suffer! In a few moments you will feel fine—headache gone—no more neuralgia pain.

The small motorboat race was hotly contested between Wilson Bros', little White Otter and Harry Wilson's Patricia, the former winning by a boat's length. The Lady May, belonging to the Jackson-Norton Company ran third.

Canoe Race Exciting
One of the exciting events of the afternoon was the match canoe race with Harry Green of Balboa and Wilson and Wilson of Los Angeles pitted against the Jumper Bros. of Balboa. The contestants had to paddle across the bay and one of them get out of the canoe and run up the beach to touch the seawall, and then paddle back to the home goal. Jumper Bros. won the race by 8 seconds.

The fourth event was the classic sailboat race of the day, being a handicap, based on the performance of the boats in the free-for-all and carrying a 5 per cent time lapse penalty. This gave the individual skippers on each sailboat an opportunity to show his ability in sailing small craft. The race was won handily by the sloop Sandab, with Charles Lee at the tiller. Leonard Swales' catboat, Leonard, making a close second and Potter's Doris running third.

Speed Boats in Duel
The speed boat race created a great deal of excitement and interest. The fastest boats on the bay were entered in this, and it developed into a speed contest between Wilson Bros', Campbell and Brooks Gifford's speedy Le Reine. It was a handicap event between the Campbell, Le Reine and the White Otter, the latter having a 5 minute time allowance. The Campbell 1 minute and the Le Reine scratching. Gifford and Ed Roger driving a very pretty race, the Le Reine crossing the line 20 seconds ahead of the Campbell. Doc Wilson, driving the Campbell, did his best to outrun the fleet Le Reine, but could not catch her. The White Otter was two low powered for these two fast boats.

The vast crowd was highly entertained by novel and interesting aquatic stunts performed during the running of other Yacht Club races. Thrilling exhibitions of high and fancy diving from the roof of the pavilion were given by a professional.

Surf Board Rides Thrill
Single and double surf-board riding, with the speedy Campbell towing the boards, was a feature. Harold Knight and Donald Williams gave an exhibition of riding a board singly and together. Heret Collins created a great deal of sport for the spectators trying to ride a surfboard while the Campbell was doing her best to maneuver in various ways to throw him. He stuck on the board in a masterly way.

The judges of the course were Commodore Sealand, Captain Rickert. The fleet captain was A. H. Wilson and the starter was Leon Atwood.

The Newport Harbor Yacht Club now has over 100 members and is strong financially. It is predicted that in the not far distant future, or when the jetties are completed, the South Coast Yacht Club will merge with the Newport club. Many new boats are being brought into the bay by Los Angeles men who have become identified with the club, and many new boats are being built at Balboa.

SANTA ANA QUIET, WITH NO CALLS FOR POLICE

The Fourth in Santa Ana passed without a disturbance of any kind calling for action by the police officers. Not a single call was made at the police station during the day.

Officers Murray and Dean had some job on their hands as traffic officers at the corner of Main and Fourth streets during the big rush of machines through the city on their way to the beaches. The men alternated in service at the intersection.

OLD LANDMARK BEING RAZED AT EL MODENA

ORANGE, July 5.—El Modena is losing a landmark in the razing of the old Bartley home on East Chapman avenue. Will Harper of Orange having purchased the house. He plans to use the lumber in another building.

The Bartley ranch was purchased several months ago from Mrs. Milton Thomas, a daughter of the pioneer family, the Bartleys, by G. W. Short of El Modena. Mr. Short plans to move his new, modern home on South Alameda street to this site within the next month, making one of the prettiest homes along the avenue.

Sloan's Liniment for Rheumatism
The pain goes so quickly after you apply Sloan's Liniment for rheumatic pains, neuralgia, toothache, lumbago, sprains, and it's so easy to use. It rubs in and is far cleaner and more effective than mussy plasters or ointments. Keep a bottle in the house and get prompt relief, not only from all nerve-pains but from bruises, strains, sprains, over-exercise and all external aches. At your druggist, 25c, 50c and \$1.00.

WOMEN IN FULLERTON COUNCIL RACE, REPORT

FULLERTON, July 5.—A woman, well known in Fullerton, is seeking a billet in the council, according to the latest rumor that is going the rounds. And two men, both of them well known, are also being mentioned as possible selections. The board will probably fill the vacancy at the next meeting.

The program of the Fisk Jubilee Singers at the Elks' hall Friday night consists of a variety of songs and readings. Every one will be pleased.

See the Suburban Ranches At Huntington Beach

PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, July 3.—Miss Elsie Crist should avoid having birthdays if she does not care to be surprised, for the anniversary furnished a happy opportunity for a party, and what is more fun than a surprise party which really surprises?

As Miss Crist was unsuspectingly tating away last evening, with her back toward the door she was suddenly blindfolded by a pair of hands. Instantly came visions of a great, big villain with a desire to steal that tating, and the only thing she could do was to shriek. But when she was permitted to look about her there were only friends, none of whom would do so villainous a thing as steal tating.

Then she realized! So the evening's pleasure was on and a merry time it was. Most of the guests were college boys and girls, and the many good times of the past year were told, not omitting the little things of which the matron is yet in ignorance.

Ice cream and cake were served later, the guests reluctantly departing at an hour not too late. The company consisted of the Misses Emma and Florence Bruoaker, Florence Carleton, Lella Culter, Orpha, Nellie and Elsie Crist; the Messrs. Benjamin Bruoaker, Earl Murray and Mr. and Mrs. Kensler Baker.

Mrs. Carl Shipkey was hostess at dinner last evening to two of her friends, the Misses Ethel McCarter and Isabel Brown of Oakland. The young ladies are visiting for two weeks in the Southland, house guests of Mrs. A. Patterson, in Santa Ana.

With whist for diversion, Mrs. Wallace Rankin entertained the members of the Enns Nours Club and their husbands and a few friends Saturday night.

Several rounds of the popular game were played. Mrs. Rankin then serving refreshments of sherbet and cake. The decorations were truly patriotic, flowers in red, white and blue being combined artistically. The score cards furthered the motif.

Guests of the occasion were Messrs. and Mesdames Forrest Carter, Jesse Push, John Bush, Harvey Sykes, E. H. Ross, William Barnes; Mrs. Albert Rogers, Mrs. W. L. Jackson, Miss Blanche Collins and Mr. and Mrs. J. E. Johnston.

W. G. Chandler will go to Long Beach this evening, where he will join Mrs. W. G. Chandler and her aunt, Mrs. Lillian Hall, of Moorpark. Mrs. Chandler and Mrs. Hall are spending two weeks at Long Beach. Mrs. M. J. McDowell and her daughter, Mrs. Clinton Morrow, of Villa Park, returned Sunday evening from

Los Angeles where they were called by the illness of Mrs. J. B. Smith, sister of Mrs. McDowell. Although having suffered a paralytic stroke, they left Mrs. Smith in a slightly improved condition.

A Fourth of July party in contemplation will be composed of the W. B. Dennis, Dr. C. S. Parker and G. G. Richards families, with Miss Florence Bathgate a member of the Dennis family for the day, with Long Beach their objective point.

Mr. and Mrs. J. Hall, of Chino, will arrive this evening to be over the Fourth guests of Mr. and Mrs. Clinton Morrow of Villa Park. The Halls will visit several of the beaches during their visit in the community.

Louis Truempler, who has been connected with the Pixley furniture company, has enlisted in the coast artillery and expects to leave for the training camp Thursday.

Miss Edith Leach was hostess at a dinner party Sunday evening at her home on Washington avenue. The guests included friends from Orange, Anaheim and Santa Ana.

George C. Woods and family drove to Forest Home Sunday, Mrs. Woods remaining there for a brief stay. Mr. Woods will rejoin her tomorrow and remain until Saturday.

J. W. Sluts and daughter, Daisy, of Los Angeles and Mr. and Mrs. Charles Lundblade and daughter, Gladys, leave today for a vacation trip to Camp Baldy.

Miss Ava Miller, who underwent a serious operation at the Anaheim Hospital, is getting along very nicely, and is expected home in a few days.

Mrs. R. M. Hargrave of Moorpark was a guest last week at the Fleetwood Bell home. The family motored to Moorpark Sunday to take her home.

Mr. and Mrs. E. E. Murray and the Misses Anna, Myrtle and Erma Murray spent today in Los Angeles visiting.

Miss Marjorie Ainsworth has returned from a several days' visit in Glendale with a former chum, Miss Jennie Lacy.

C. H. Windham, ex-mayor of Long Beach, and R. C. Avery, of Long Beach, were business callers in Orange yesterday.

Mr. and Mrs. S. A. Wiley went to Inglewood this morning, where they will remain for a visit of a few days with friends.

Kent Lucas, who has been spending several days with his parents, Mr. and Mrs. J. G. Lucas, of Villa Park, returned to Los Angeles today.

Mr. and Mrs. F. J. Pierce motored to Laguna Friday and remained there until yesterday.

Frank Sterling of Los Angeles was a business visitor in Orange yesterday. A. Grafton is spending a few days in Orange, attending to business affairs.

Mr. and Mrs. E. E. Nott of Los Angeles, were Sunday visitors in Orange. Mr. and Mrs. Clarence Wilson spent Sunday at Seal Beach.

A. A. King and Charles Meadows were Seal Beach visitors Sunday. J. W. Wooley left today for a business trip to Del Mar.

Dr. Robertson has returned from the East and resumed practice.

"A run for your money"

"I have used up two hours time and a good disposition selling a man his first Diamond tire. He didn't know the tire very well and wasn't quite sure of me. But there is no money in that kind of business—unless they come back for more."

"There's the point. I can sell almost any make of tire once."

"But what's the use?"

"I want to be your regular tire dealer now and for a long time to come."

"I have the tires, I have the prices, I have the inclination, too."

Every Diamond Tire must deliver full value in service. If ever a Diamond Tire fails, a cheerful, willing adjustment will be promptly made.

ASSOCIATIONS IN NEW FRUIT EXCHANGE AT FULLERTON

City Selected As Headquarters For Important Organization

FULLERTON, July 5.—This city has been selected as headquarters for one of the most important fruit exchanges in Southern California, consisting of five associations.

The Placentia Orange Growers' Association, with packing houses in Fullerton and Placentia, the Yorba Linda Association, the Placentia Mutual Association, the La Habra Association, and the Anaheim Association, are withdrawing from the Semi-Tropic Fruit Exchange with headquarters in Los Angeles and are forming what will be known as the Northern Orange County Citrus Exchange with headquarters in Fullerton.

The new organization will have an office here, which will be kept open all the time under the direction of a general manager to be named at a later date.

The output of the new exchange will be about 3000 cars of fruit annually and when there is a full crop will run up to 4000 cars. The newly-formed Northern Orange County organization will be affiliated with the California Fruit Exchange and will also have a member on the executive board of the state exchange. This is one of the most important organizations that has been formed in this section during the past few years, and will mean much for Fullerton.

\$3,000 DONATION
TO RED CROSS IS
NOT TRANSFERRED

Fred Rafferty Thinks Collections Be Made Through Los Angeles

Fred Rafferty, chairman of the Santa Ana campaign committee for the Red Cross, was unable to get the subscription of \$3000 made by L. F. Moulton of El Toro to the Red Cross transferred from the Los Angeles totals to the Orange county totals. The Los Angeles Red Cross authorities stated that the county rightfully should be credited with the subscription, which would bring the county's total up to about \$57,000, but that the records had already been made up. Should transfers be started in, doubtless a large number of easterners stopping in Los Angeles would want their subscriptions transferred to their home counties.

However, the Red Cross authorities in Los Angeles said that should there be another campaign rules would be adopted that would prevent the recurrence of miscredits of this kind. Since the money all goes to the same place, no one is sadly disappointed.

The Los Angeles headquarters has not yet made arrangements for making collections of pledges in this county. Rafferty will continue to urge that the collections be handled out of Los Angeles headquarters, which already has an organization for that kind of work.

ENGINEER TELLS OF
'DROP' IN MINE SHAFT

LOS ANGELES, July 5.—"If you're going down a mine shaft by means of a rope, be sure the rope is long enough. Is the advice of a well-known mining engineer stopping at a local hotel. He was recounting what he considers the most nerve-shattering experience of his career.

"I wanted to sample the bottom of a winze in the mine, which had been driven several thousand feet," he said. "The manager couldn't go with me but gave me exact instructions as to how to get there and the final descent was to be made by sliding down a rope about fifty feet in length.

"I found the shaft and slid down the rope what I thought was about fifty feet but couldn't touch bottom. In the excitement I dropped my light and there I was, hanging in total darkness with nothing but space under me, as far as I knew.

"It took me about ten minutes to decide what to do; it was too far to climb back and I might drop a hundred feet for all I knew.

"Finally, with a prayer, I let go. I suppose I must have fallen all of three inches."

Expanding cuff buttons have been invented that permit a shirt sleeve to be raised several inches without unbuttoning, closing to their normal position when the sleeve is lowered.

25,000, MOSTLY GIRLS, WORKING IN GREATEST WAR PLANT

Mellett Writes of Visit to Largest Explosive Factory in World

(NOTE.—Following is the third and last of the Lowell Mellett stories on war conditions in Scotland.)

BY LOWELL MELLETT
(United Press Staff Correspondent)
SOMEWHERE IN THE NORTH OF ENGLAND, May 25 (by mail).—

"Even if England should be starved, she could still keep on shooting."

This statement, made by Sir Edward Pearson, is supported by evidence seen in the course of a trip from one end to the other of the largest explosives factory in the world. High-powered automobiles were necessary to make the trip possible in so short a time, for the plant stretches out nine miles in length and from two to three miles in width. Sir Edward's connection with it has been in the construction work, which is practically completed. A year and a half ago nothing but flat farms were to be seen, with occasional villages and streams of rich historical interest. Now it is a thing of brick and stone, timber and steel and strange chemical smells, all devoted to one end—cordite.

Twenty-five thousand men, boys and girls keep it humming and of these the preponderating number are girls. When the last crew of construction men has been withdrawn, seventy-five per cent of the employees will be girls.

Engineers Chaperone Trip

The trip through the plant was chaperoned by several department heads. For a mile or so a scientific engineer from South Africa shot chemical formulae and the like at us. Then a young man from Australia took up the job. Succeeding him was one from British Columbia. Finally a regular home grown Englishman got my ear. It seemed he was even more bent than the others on thrilling me with the chemistry of the enterprise—all oblivious of the fact that the censor wouldn't permit publication of the greatest part of his information, even if I had understood well enough to write.

Suddenly we found ourselves alone in an immense chemical room. I put up my hands and cried, "Kamrad!" I told him several million of our readers would find his chemistry too deep for them and asked him to tell me something about the girls—that everybody knew all about girls.

We had been passing through shop after shop filled with them; girls in khaki jumpers and trousers and girls in khaki Mother Hubbards and nobody explained their part in the chemical work.

"That's your American humor," said my guide, doubtfully. "Nobody knows all about girls; they're not an exact science."

"They're a different sort of explosive," he added, with his very fair English humor, as the sound of girls' singing came from somewhere below, accompanied by giggles and a sound of "sh-sh."

But he told about them. He said they were wonderful workers. For the most they were more tractable and easily managed, more so than men workers. They offered few difficulties, but these usually were of a totally unexpected sort. That's where they differ from cordite. One can tell what cordite is going to do and get out of the way.

Work Not Heavy
Their work is not heavy, except in some instances, where it can be compared with the heavy work in a steam laundry. Although it is altogether monotonous, lacking the joy of construction and seeing the product grow as is the case with aeroplane or tank-building for example, the girls seemed cheerful and contented.

Their wages run from 25 to 30 shillings. Divide this by four and you will get a little more than the amount they make in dollars. Out of this they pay 13 shillings for their lodging and meals, both provided by the plant.

We were taken through one of the hotels, each accommodating from thirty to fifty girls, built in village-like groups. The one inspected bore the name "Edith Cavell." A motherly looking woman was in charge. The intrusion extended to the point of peering into the little single rooms in the dormitories, which permit the girls to live somewhat to themselves and tuck up picture postcards of their soldier boy friends to their heart's content.

The matron declared that between their house parties, the handsome clubhouse and the equally handsome moving picture theatre made and provided by the government, the girls managed to enjoy life. Probably they do. In any event, they are doing the

"FURCHTLOS UND TERU"

On display in a show window of a store in Los Angeles there is, along with other mementos of the battlefields of Europe, a belt buckle taken from the uniform of a dead German soldier. The buckle bears these words: "Furchtlos und Treu" (fearless and true).

What pitiful tragedy in that phrase! Did one ever doubt the bravery and the staunchness of the Kaiser's soldiers? Did one ever question these things, even before that fateful August, 1914; even before Verdun; even before the carnage on the Somme; even before any of those other terrible slaughters on both sides which have proven that the men, no matter of what nationality, are not cowards?

The very fact that the German military chiefs deemed it advisable to have inscribed on the buckles of their soldiers that phrase is but one more confession on the part of the Kaisers, the Hindenburgs, the Ludendorffs of Germany that the vast and awful system which they have brought into being is one that needs constantly to be bolstered up. It is a confession that the system may at any time be used to the furtherance of ends with which the soldiers, the units of the system, may not be in entire sympathy.

Would the Prussian leaders ever have caused those words to be cast on those buckles had they been certain in their consciences that their monster armies would never be called upon by them to wage wars except for principles of right and justice?

In the answer to that question, and only one answer is possible, lies the answer to the question one occasionally hears, "What are we fighting for?" It is against that military autocracy that finds it necessary constantly to remind its vassals that they are "furchtlos und treu" (no matter in what cause) that we are fighting. It is easily conceivable that the German chiefs would much rather not have found it needful so to adorn the accoutrement of their warriors. Iron discipline is wonderfully effective to rule an army, the Prussians realize, and act accordingly, but they are shrewd enough to know that the most implacably inflexible discipline in the world will never entirely turn a soldier into an automaton, never entirely prevent him from using at least a part of his brain. So, "furchtlos und treu" was placed on the buckles. Subtle flattery it is, no less; an inexpensive sugar-plum; an invaluable auxiliary to accomplish that which iron discipline might not. It is not necessary to tell a democratic army that it is fearless and true in order to make it fight. When democratic nations take up arms they do so, not because they are fearless and true, but because they are right.

WINNING THE WAR

"This war is terribly depressing," some people complain. "It is an overpowering weight on our hearts. An atmosphere of sorrow and gloom shrouds the world. The sight of all these war preparations in our own country is infinitely depressing. The whole thing leaves us weak and helpless."

It is natural that sensitive natures should feel so; but it is useless, and even wicked, to indulge such sentiment. It is purely negative and destructive. What we need now—individuals and cities and nations and groups of nations—is the positive, constructive, forward-looking spirit.

Weak souls yield to sorrow and let their grief turn to gloom. Strong souls should rise above it, making their grief a stepping stone to victory. Let us get firmly fixed in our minds, at the outset of a war that is going to try all our souls, the habit of positive, optimistic thought.

Are we giving a son or brother to the army? Let us think not of the separation, of the toil and pain he will suffer. Let us think of the way he is going to fight for us, of the battles he is going to win, of the fine ideals he exemplifies.

Are we paying burdensome war taxes or contributing to the war loans? Let us think not of the burden, but of the good that money will accomplish, of the return it will bring us in free-

dom, in the overthrow of mighty evils, in the triumph of international righteousness, in the establishment of secure peace.

Are we giving to the Red Cross? Let us reckon the gift not as charity, but as money we pay gladly, to have done for us what we would eagerly do with our own hands if we could.

Whatever we do in this war, let us do it ungrudgingly, cheerfully, hopefully, knowing that it will not be done in vain.

There is only one possibility for our nation in this big struggle. That is Victory. And it is the same with every individual whose heart and head are strong enough to match the spirit and purpose of America.

With Malice Toward None

By Henry James

End of the World

When Kingsley wrote Hypatia he was treating the fifth century of the Christian era. The fact is evident to all readers that he had made a careful study not only of historical facts, but distant time.

At one point in the tale Arsenius is made to say "These are indeed the last days spoken of by the prophet, when many shall run to and fro."

As the running to and fro then wasn't a circumstance to what has happened since, the words of Arsenius seem to fit into the present with even better reality than when uttered. Dispatches tell of a minister addressing his flock recently who cried: "The great world war is a fulfillment of biblical prophecy. The world will soon come to an end."

Ah, these wise guys! Just how many persons are inclined to be dotty over the situation. The horrors of it are enough to topple the intelligence that had been balanced precariously. They got to that minister, all right.

Would it not be well to shut such promoters of hysteria up? At least as to the jaws of them.

Helping the Germans

A hotel man hereabouts is said to have remarked when solicited on behalf of the Red Cross that any help he had to give would be for the Germans.

To help his plan along would be an excellent plan. Of course he cannot help Germany materially while here, but he might be sent to that country and there he would have a chance. Also the hope of getting a shot at him would spur the American troops onward.

Not Much of Anything

J. Melvor Tyndall has rushed into print again, hanging to the petticoats of his fifth wife. Or is she the sixth? No matter, anyhow.

J. Melvor has been nothing but a disappointment. More than twenty-five years ago, blundered, he used to give a spanking team through the streets, raising ever the fond hope that he would break his neck; and he never did it.

Some Heat

An ever voracious reporter stated that recent heat had been so intense as to curl railroad iron.

Never heard of curling rails. Curling tongs, however, seem to have a familiar aspect.

Congratulations

The other night an array of wedding presents was stolen. Think of the many things the bride will not have to bother to exchange!

Offer Spurned

The offer of a man to buy his wife some new teeth if she would drop her divorce suit failed to make a hit with the lady.

It seems that the husband had knocked out the originals, and such a chap never could be trusted in the presence of molars not naturally anchored.

No News

Science declares that futurists and cubist artists really are lunatics. But the point is in relation to a cure.

Secretary Daniels

Secretary Daniels has some friends so trustful of him that even the fact that a pro-German editor has rushed to his support will not hurt his standing much.

Pretty hard luck for the secretary, just the same.

Unique, Anyhow

Here is the ground upon which an Arizona bases his claim for exemption.

"Extreme individuality, poetical and philosophical aspirations."

Happily, the decision is up to wiser than the scribe; but there have been warrior-poets and warrior-philosophers, and both scrapped first rate in a pinch.

Strange Delusions

The handful of women who imagined they could do something for the cause of suffrage by demonstrating themselves unfit for it, and displaying seditious sentiments that provoked a riot, ought to have known that women who have won the ballot didn't do that way.

No wise suffragette forgets that if she turns rowdy she is not going to be mistaken for a lady.

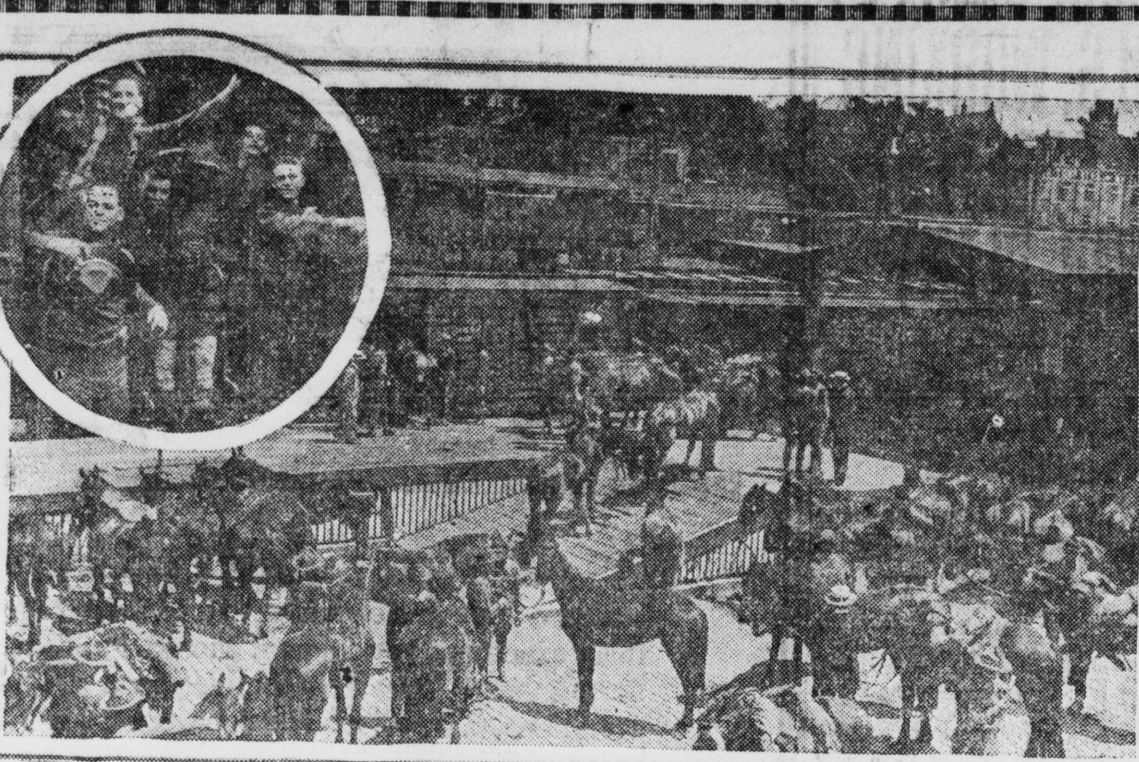

CAUSE AND EFFECT

I want to be profane and swear, I want to rip and snort and tear. I want to chew ten-penny nails and blow off wind to fill the sails. I seek to be a teacher gay than any that go strolling by. I want to chew Bull Durham plug and smear the juice all over my mug. I want to jump on my wife's hat and throw torpedoes at the cat; I long to fight and bite and scratch and hardly ever find my match. For all real goodness I eschew and seek to be a ballyhoo. The reason for this frightful roll—my friends, I've got an awful boil.

Warm Sunny Winters

At Huntington Beach

QUARTERMASTER CORPS BUSIEST ARMY DEPARTMENT

Entraining Soldiers and Equipment an Exact and Complicated Science

MOVING TROOPS BY RAIL

New U. S. Force Will Require

7,320 Trains—Monthly Supplies, One Billion Pounds.

The Quartermaster Corps is just now the busiest department of the United States Army. Without it not a single company of troops could reach the firing line, not a soldier be clothed, fed or armed.

To move the great army Uncle Sam is bringing into being means the marshaling of 124,580 railroad cars in 7,320 trains and directing them without delay or confusion over routes many of them over three thousand miles long. To keep this force provisioned in the field means supplying and shipping one billion pounds of freight a month, requiring fifty-five trains a day.

The Quartermaster Corps, in co-operation with the Defence Committee of railroad presidents, has organized America's 260,000 miles of railroad, with its hundreds of corporations, into one system and plotted every mile and every train move over its myriad routes. The examination of an applicant for a commission in the corps is cited by Garrett Smith in Leslie's Weekly to illustrate the complicated details of such an officer's task and the possible seriousness of the slightest error. The examiner had asked him to give every move he would make in equipping and transporting a regiment from Buffalo to an imaginary firing line at Wilmington. He picked as one of his stopping points a small junction where, unbeknown to him, the siding was too short to hold his train.

The examining officer pointed out that by so doing he would cause a block that would delay a whole division of troops destined for a week point at the front just long enough to let the enemy through.

Quartermaster Corps officers must know every stopping point, length of sidings, junctions, capacity of terminals, loading

and unloading facilities, size of tunnels, capacity of bridges, etc., along their routes. The estimates of the corps are based on a force of twenty field armies, or about 1,500,000 men. With them go 700,000 mount and draught animals, 60,000 vehicles and 3,300 big guns. A tabulation of rolling stock and other railroad equipment just completed shows that to handle this traffic there are needed, besides more heavy cars, special terminal yards and sidings, loading and unloading platforms, double tracking of many single track lines and the building of new lines into undeveloped territory.

This means the raising of a vast amount of new capital by the railroads. The railroad executives believe that the systematizing and unifying of railroad control under federal authority, brought about by war preparation, will prove the value of such centralized regulation for permanent adoption by the United States as a peace measure. This vast increase of expense in putting the roads in shape for war is also given as one of the chief reasons for asking the Interstate Commerce Commission for permission to increase freight rates.

BAY CITY'S FOURTH VERY SAFE AND SANE

SAN FRANCISCO, July 5.—San Francisco enjoyed one of the safest and sanest Fourth of July in its history, so far as accidents is concerned. Only two persons were injured. There were 21 fire alarms, but only \$2000 fire loss.

A holder has been patented to carry a letter on the outside of a parcel post package to which it refers, insuring delivery of both at the same time, separate postage being paid on each.

To enable men to work in aseous places a mask has been invented that is supplied with pure air through a tube without the aid of additional machinery.

NOTICE OF OIL PROTECTION CHARGES DUE

NOTICE IS HEREBY GIVEN that I have received from the state mineralogist the record of assessments and charges for oil protection for the current year.

The charges therein assessed and levied are due and payable on the first Monday in July and one-half thereof will be delinquent on the sixth Monday after the first Monday in July at six o'clock p. m. August 13th, 1917, and unless paid to the state treasurer at the capital prior to the amount thereof, and unless paid prior to the first Monday in February next thereafter at six o'clock p. m. February 4th, 1918, an additional five per cent will be added to the amount thereof; and the remaining one-half of said charges will become delinquent on the first Monday in February next succeeding the day upon which they become due and payable, at six o'clock p. m. February 4th, 1918; and if not paid to the state treasurer at the capital prior thereto, five per cent will be added to the amount thereof.

JOHN S. CHAMBERS, Controller. Dated at Sacramento, California, this 2nd day of July, 1917.

Bookkeepers and stenographers have not been in such demand for years, owing to the war. Attend our summer school June, July and August and get ready for a good position.

DEMOCRACY IN RUSSIA

BY WILLIAM G. SHEPHERD
(United Press Staff Correspondent)

(NOTE.—This is the fifth and concluding installment of a graphic picture story of conditions in Russia today, just received by mail from William G. Shepherd, United Press Staff Correspondent.)

BY WILLIAM G. SHEPHERD
(United Press Staff Correspondent)

PETROGRAD, May 1 (by mail).—Sitting at an office table in the great Duma building, surrounded by hulking soldiers today sat a fascinating bobbed-haired girl who might have come from Washington Square, New York. She was eating red-beet soup, in which she dipped black bread.

I was directed to her with my request for a pass to the Soldiers' and Workmen's Council. When she had finished her soup, she called a soldier, who carried a rifle, and directed him to take me to the proper office for passes. As I left, she was ordering another soldier to remove her soup plate.

The soldier led me to another office and there presented me to a woman who as to appearance might have been Emma Goldman herself. This woman looked at my passports, said something in Russian to another sol-

dier, who led me to another office and got me the paper I required. It must be remembered that it was two women who had the say as to my admittance to this gathering of the people of Russia. My final experience seemed to me like asking Emma Goldman for a pass to the national democratic convention.

I have simply cited these instances to show that the women are equals of the men in the new Russia. Today that equality was even more strikingly illustrated by the celebration of May Day. The workers of Russia, following the long-established custom of all Europeans (which they themselves, in the days of the Czar never dared to observe) remained absent from work and paralyzed Russia into an enforced holiday.

And there were as many women as there were men in the parade. Many marched arm in arm with men comrades, and the voices of hundreds of thousands of women mingled with those of as many men in the chant of the International Socialists' Union.

It's true that women rank with men in the new Russia. It doesn't seem to have occurred to anybody that there might be a question about it.

JOLLY PICNIC

Southern Counties Gas Employees Celebrate Glorious Fourth at Balboa

Members of the Efficiency Club of Orange County, an organization comprising the employees of the Southern Counties Gas Company, held their first annual picnic July 4 at Balboa Beach. In addition to the forty members of the club, many friends and relatives were invited to attend the holiday outing.

All members of the organization, including employees in Santa Ana, Anaheim, Orange, Fullerton and Placentia, joined in the picnic, which started from the local office early on the morning of the Fourth. Company trucks were used to convey the picnicers to Balboa, where interesting events were scheduled for a day's program.

The committee on arrangements comprised the following: W. Jones, chairman; Miss Joan Adams, H. G. Miller, V. Y. Hinkle and J. C. Hayden.

MOTHER HONORED

Mr. and Mrs. N. A. Beals Give Dinner In Celebration of 74th Birthday

Mr. and Mrs. N. A. Beals were hosts yesterday at a pleasant family gathering at their home on Garfield street, in honor of the seventy-fourth birthday of their mother, Mrs. Albert Beals.

A delectable dinner was served at noon, the table being gay with pink and white scabiosa. A birthday cake added to the attractive decorations.

In the afternoon the party took a trip to Long Beach to enjoy the Fourth of July features. Besides Mr. and Mrs. N. A. Beals and Mrs. Albert Beals, the party included Mrs. Beals' mother, Mrs. R. Scheidecker of Hollywood and Mr. and Mrs. Albert Beals and family.

Married Tuesday

A. R. Culver of the San Joaquin ranch and Miss May Robinson of Wintersburg were married Tuesday afternoon at the Baptist parsonage in Orange. Mrs. Ida King and Dave Richardson, friends of the couple, were the only witnesses. That a brother and his family were not witnesses to the nuptials was due to the cleverness of the groom, who "ditched" the family by stealing the key to the automobile in which they were going to follow the couple. The groom is the son of Mr. and Mrs. W. B. Culver of this city and farms 250 acres of beans on the San Joaquin ranch.

PLEASANT RECITAL

Mrs. Carolyn Keller of Los Angeles Presents Pupils At Bruner Home

Mrs. Mary Page Bruner opened her pleasant home to a number of guests, Monday evening, for a piano recital of high artistic merit, given by the pupils of Mrs. Carolyn Keller of Los Angeles.

Mrs. Keller showed her ability as a teacher in the skill of her pupils both in memory work and technique, nor were they lacking in the deeper and more elusive charm of music, the interpretations of the meaning of the composer.

The program was varied, ranging from the classic to the modern masters of composition. Mrs. Keller introduced each number with a characterization, which made the program more interesting to the listeners.

Miss Cartright added very much to the pleasure of the evening by singing, very sweetly, two songs.

The program was as follows:

Concert Etude McDowell

Miss Fanny Bush

Arpeggio Waltz Crawford

Eleanor Embree

Firefly Grant Shafer

Julia Bruner

In Autumn McDowell

Miss Jewell Hickox

(a) Etude in E Major Chopin

(b) March Wind McDowell

Miss Fanny Bush

(a) Thou Art Like a Flower, Chadwick

(b) My Heart is Singing, Chadwick

Miss Zola Cartwright

Wedding Day at Trolldhansen, Grieg

Elizabeth Bruner

(a) Pastorale Varie Mozart

(b) Concerto Etude Liszt

(c) Frolic of the Waters Rasel

Miss Fanny Bush

FAMILY REUNION

H. J. Masters' Home Scene of Happy Family Gathering For Fourth of July

The home of Mr. and Mrs. H. J. Masters and their daughter, Miss Edna Masters, was the scene yesterday of a happy family reunion, in celebration of the Glorious Fourth.

From Corona came F. W. Masters, wife and two children; from Lynwood, O. D. Masters, wife and two children; from Los Angeles, Mr. and Mrs. Bransden and two children, and from Irvine ranch, Mr. and Mrs. Loftren.

A delicious chicken dinner with ice cream and all the other appetizing accessories was served and merry games were enjoyed on the lawn, concluding with a pretty display of fireworks in the evening.

To Sew for Red Cross

Miss Lida Crookshank and Mrs. Ella Campau will be hostesses tomorrow afternoon to all the ladies of the Congregational church at the home of the latter, 801 French street, and all guests are asked to go prepared to sew for the Red Cross and to give a dime for the cause.

The Fisk Jubilee Singers represent one of the oldest schools for colored people in the South, and they make good.

CELEBRATES BIRTHDAY

Mrs. Samuel W. Nau of Tustin Enjoys Natal Anniversary With Company Relatives

To Mrs. Samuel W. Nau of Tustin the Fourth of July has a double significance, as she was a Fourth of July gift to her parents, and yesterday she happily celebrated the occasion with a company of her friends at her delightful and beautiful home in Tustin.

The patriotic birthday dinner was served out-of-doors under the magnificent trees, a garden full of bloom forming a floral bower and the table being patriotically adorned. A lovely birthday cake was a feature.

Those congratulating Mrs. Nau and enjoying the Glorious Fourth with her and Mr. Nau were Mr. and Mrs. C. P. Boyer, Mr. and Mrs. A. F. Zaiser, Mrs. Margaret Zaiser, Misses Laura and Esther Zaiser, Misses Margaret, Lilian and Helen Scharf, Mrs. Scharf, Mr. and Mrs. H. G. Nau of San Bernardino and Miss Converse Nau.

PICNIC AT HOME

Mr. and Mrs. W. W. Anderson Hosts at Pleasant Al Fresco Luncheon

Those of their relatives who did not make other plans yesterday for the celebration of the Fourth were most delightfully entertained at fresco by Mr. and Mrs. W. W. Anderson in their inviting yard on Church street.

At noon a prettily appointed table, adorned with red, white and blue flowers, was set under the huge pepper tree in the back yard and all sorts of appetizing dainties tempted the appetites of the ten for whom covers were laid.

The afternoon was spent in the front yard on the lawn and merry conversation passed the hours, those participating besides the hosts being Mr. and Mrs. J. E. Banker of Newport Beach, C. C. Collins and daughters, Miss Mary Collins and Mrs. Ed Stasley of Orlando, Fla., Mr. and Mrs. D. L. Anderson and Miss Mary Anderson.

Farewell Dinner

Rev. W. L. H. Benton, pastor of the Church of the Messiah, was tendered a farewell dinner in the parish hall on Tuesday evening, as he left yesterday for his new charge at La Jolla.

The Ladies Guild was hostess for the occasion and was assisted in serving by the young ladies of St. Elizabeth Guild.

Eighty-five covers were laid on the tables, effectively decorated with red geraniums, white Shasta daisies and fox glove.

Mrs. George Balderston, president of the Guild, in a few well chosen words, expressed the appreciation of the members for Dr. Benton's work here and the regret felt at his departure.

The pastor feelingly responded. A social hour was passed following the dinner and Rev. Benton received many good wishes for his future welfare in his new home.

Sunshine Society to Meet

The regular meeting of the Sunshine Society will be held tomorrow afternoon at the home of Mrs. Frances Dresser, 1523 North French street.

Have Oregon Guests

The C. H. Hickman home on West Fifth street presented a merry scene yesterday when a party of friends helped the family celebrate Independence Day.

A bounteous dinner was enjoyed at noon and during the afternoon ice cream was served liberally, the cooling dainties being greatly appreciated. In the evening there was a patriotic display of fireworks.

Those present were Mr. and Mrs. F. B. Ireland and daughter, Dorothy and son, Ray of The Dalles, Oregon, Mr. and Mrs. Jean Duvall, Mr. and Mrs. Arch Morgan and daughter and Mrs. Georgia Hickman.

Meet in Park

The all-day meeting of the First Methodist Church societies will be held tomorrow in Birch Park. Members will take picnic lunch.

Canton Entertains Ladies

The Santa Ana L. O. O. F. cantons entertained their ladies Tuesday evening at a pleasant social affair, at the L. O. O. F. hall. The drill of the cantons was put on in excellent manner, after which all who cared for dancing were inspired by good music and refreshed between dances with cooling punch and wafers. One hundred were indebted to the cantons for their good time.

Palm Beach Cloth—What It Is:

PALM BEACH is a patented blend of weave and twist that protects its natural colors. The peculiar interlock of the Angora Hair and specially selected cotton yields a strong, dirt-repelling, sanitary texture with just the crispness and body for good tailoring and shapeliness.

Practically no dyes are used in the great natural Palm Beach shade, which is the most popular number in the Palm Beach range of patterns—so you can feel perfect security in washing your suit as often and as hard as you please.

The Palm Beach Suit is the logical outcome of a summer demand for a cool, porous, garment. For the shore, for golf, for tennis, for street and country life—it is ideal. Price \$10.

Vandermast & Son

Delta Alpha class of the First Methodist church and their friends enjoyed a picnic dinner in Birch Park yesterday, all sorts of good things to eat being provided.

Following dinner, games were played on the velvety lawn and the members stayed for the band concert in the evening.

AUTO HITS A TREE

Sheriff Jackson received word today from Los Angeles that an automobile registered as belonging to B. R. Masters of Anaheim was found rammed against a tree at Lomita. The machine was abandoned, and was taken in charge today by a deputy sheriff.

ORANGE PIONEER BURIED

ORANGE, July 5.—Funeral services were held this morning for Mrs. Mary Ann Avery, for many years a resident of Orange, who died early Tuesday morning at her home here. She was 86 years of age. Mrs. Avery had been in ill health of late, some time ago having suffered a stroke of paralysis. Funeral services were held at the Methodist church at Orange.

WELCOME NEW PASTOR

FULLERTON, July 5.—At the Baptist church members of the church and friends gave a reception in honor of Rev. and Mrs. George Lehig and family. Rev. Lehig recently accepted the pastorate of the local church.

Two hundred and forty-three fish, among them barracuda, sea bass, rock bass, skip jack and other varieties, were the catch made yesterday by Victor Walker and T. J. Lewis and their wives while fishing aboard the launch 9-9 off the Orange county coast.

High catch was made by Mrs. Lewis, she hauling 70 fish aboard. The others in the party used regulation light tackle.

If you never heard real negroes sing "Swing Low Sweet Chariot" you have missed a treat. You can still hear it, however, for the Fisk Singers will present it in their program at the Elks' hall Friday evening.

THE WEATHER

Fair tonight and Friday. Westerly winds.

July 3—Maximum 86, minimum 63.
July 4—Maximum 83, minimum 62.

IN SAN BERNARDINO
Davie D. R. Anderson, 34, Naca, and Bernice Wiley, 24, Anaheim.

DEATHS

SLACK—In Santa Ana, Cal., July 4, 1917. Mrs. Ida M. Slack, aged 56 years, at her home, 1408 North Broadway.

Funeral services will take place tomorrow at 2 p. m. from Smith and Tutthill's chapel.

She was the wife of C. L. Slack, well known pioneer of this city.

Personals

Bowie C. Warfield and his grandson, Ralph Crapster, of Sandoval, Ill., spent two days last week here with Mrs. Martin Shields, Mr. Warfield's niece. They are now visiting other California relatives.

Judge W. H. Thomas is in Riverside this week, sitting on the bench for Judge Craig, who is at present at El Centro.

Mr. and Mrs. Walter H. Schiack, who were recently married, Mrs. Schiack being Miss Marie Thomas, left today by boat for their future home in Seattle.

Mrs. Charles Morris and children have gone to Bolivar, Mo., where they will pass the summer visiting at the home of Mrs. Morris' father, A. D. Wilson. Her father is quite ill.

Jesse Baggerly of the Clausen-Baggerly Company, has returned from a six-weeks' eastern trip, going to the states of Iowa, Illinois, and other points and returning by way of Oklahoma City and Tulsa, Oklahoma.

Mrs. Julia Elder spent yesterday in Los Angeles, visiting her daughter, Miss Nancy Elder, who is recovering from an operation.

Mrs. Etta Turner and daughter, Miss Nell Turner, came up from Newport Beach this morning. They have taken a cottage there for the summer and spend as much time as possible enjoying the sea breezes.

Clyde Bishop and Steele Finley were among Santa Ana's lawyers in Los Angeles today.

Dr. and Mrs. J. H. Pullen have returned from a month's visit to Chicago, where Mrs. Pullen visited relatives, and her husband took post-graduate work at the Chicago Veterinary College.

Mrs. J. L. Hayes and daughter, Miss Vanchie, of Austin, Texas, have arrived to spend the summer here. The ladies are cousins of J. A. Turner, at whose home they are visiting.

Rev. and Mrs. S. W. Stone and family, now located at Garden Grove, leave Monday night for Pontiac, Mich., called by the death of Mr. Stone's brother-in-law. They will remain in Pontiac until they return.

Miss Florence Hulett of Whittier is visiting Mrs. Minnie M. Holmes. Miss Hulett is a Red Cross nurse and has enlisted for service with the Minuteman unit.

Miss Opal Davis, deputy in the sheriff's office, and Miss Pearl Skinner, of Sacramento, who has been visiting here, have gone to Long Beach for a week's visit.

J. C. Metzgar, secretary of the Chamber of Commerce and Merchants and Manufacturers' Association, left word with Miss Arlie Cravath, assistant secretary, that he had left with his family today for "somewhere in California," the particular somewhere in this case being Keene Camp. Metzgar and his family departed in their machine at 4 o'clock this morning.

Mr. and Mrs. Frank True of Ontario motored in from their home yesterday morning in time to take breakfast with Mrs. Ella Campau and her mother, Mrs. George R. Smith, and then motored to Laguna Beach with Mrs. Campau and Miss Alice Wares to spend a delightful day.

Victor Walker, local sporting goods dealer, is wearing a broad smile. He had been firmly informed by brokerage firms that it was impossible to obtain bamboo fishing poles of more than twenty-four feet length. Nothing daunted, Walker wrote a firm in San Francisco that he "absolutely had to have" some long poles. This flat brought results, for today there was unloaded in front of Walker's store a shipment of poles ranging in length from twenty-four to thirty feet.

The poles were contained in the original wrappings as packed in Japan. Evidently the San Francisco firm prevailed upon the owners of a Japanese liner to deviate from the announced rule that bamboo poles could not be shipped because of the space they occupy.

Walker claims that the shipment arriving today is the only one to reach Santa Ana for months containing poles of more than twenty-four feet in length.

Judges In Vegetable Growing
Contest Make Awards
Tuesday Evening

Checks today are being mailed out to nineteen of the forty contestants entered in the vegetable growing contest conducted by the Chamber of Commerce. Judging of the gardens was completed Tuesday and awards made in the evening. The boys and girls who participated in the event did themselves proud, and besides the money derived from the sales of their products, or money saved the family where the products will not be sold, gained an experience that will be of value to them.

All took pride in their work and kept their gardens in first class condition. As a result of the activities of the young gardeners much food stuff was produced. Beans, corn, potatoes, tomatoes and turnips were among the vegetables grown.

Manager Schlesinger of the West End Theater will give each of the contestants two tickets to his theater, to be used at the pleasure of the boys and girls receiving them.

Cash prizes were awarded as follows:

Boys	
Alfred Fessman, 1050 Chestnut Ave.	2.50
Newell Stevens, 581 S. Birch.	2.50
Tom Kirven, 1218 Van Ness Ave.	10.00
Geo. Antoine, 1314 E. Second.	7.50
Oral Clark, 1336 Grand Ave.	7.50
Ralph Thacker, 502 E. Fifth.	3.50
Enrique Ceieros, 1211 West Third St.	5.00
Vincent Chamberlin, 1524 North Baker St.	5.00
William Winter, 1724 Valencia Ave.	5.00
Girls	
Frances Perinich, 1021 N. Flower street.	3.50
Lotta and Fracia Smalley, 825 Cypress Ave.	7.50
Jessie McDonald, 1400 Poinsettia Ave.	2.50

MAN SOUGHT FOR
STABBING IN
CANYON FRAY

Believed to be on his way to Elsinore, E. Soto is today being sought by officers on a charge of having stabbed Ben Dominguez at a ranch near the mouth of the Santiago canyon early yesterday morning.

Ben tried to separate Soto and N. Cardinez, who were struggling. A knife was drawn by one of the belligerents and Dominguez was stabbed near the heart. Soto is declared to be the man who did the stabbing.

The affray occurred on the Kieffer ranch, known as the Water ranch, at about 1 o'clock yesterday morning. All three men live at El Modena. Dominguez is resting easily today at his home. He will recover, it is stated.

TROTH TO PERSHING
DENIED BY L. A. WOMAN

SAN GABRIEL, Cal., July 5.—Flat denial of her rumored engagement to Major General John J. Pershing, commander of the American army in France, was made today by Miss Anna Patton at her home here. Publication of the engagement was made by a local paper yesterday. "There is no engagement nor any understanding of any contemplated engagement between General Pershing and myself," Miss Patton hastened to explain. General Pershing and the Pattons have been friends for years. The friendship was strengthened when G. A. Patton became a member of General Pershing's staff. But this is the extent of the association, Miss Patton declares.

WIRE JOHNSON
SENTIMENTS ON
BEER AND WINE

Telegram Sent to Senator Is Signed By a Number of Orange County Men

The following telegram, as prepared by Judge W. H. Thomas, was sent to United States Senator Hiram W. Johnson Tuesday night:

"Delighted to note yours was the signal honor of leading the fight in the Senate for food conservation bill as it came from the House. Sentiment here overwhelmingly in favor of wartime prohibition.

"Time is of the essence and immediate passage of the bill is of vital consequence to the safety and defense of the nation.

"We fail to see this as the President does when he suggests eliminating beer and wine from the bill to stop debate. Is it a choice between beer and loyalty?

"While preaching food conservation it is inconceivable that these beverages should be permitted to starve some by making others drunk. Conserve barley for bread and beef but not for booze. According to our juvenile court records every boy and girl who has started on the primrose path started over the wine or beer route, not over the whiskey slide. Let beer and wine go with whiskey.

"The change can be made with less far to the economic machinery of the government now than at any other time in our history.

"Is it possible that the nation is prepared to admit to the whole world that the industrial peace is to be purchased with beer? Are we to announce to the world that a government of the people consents to the weakening of its manhood and the undermining of its homes rather than pay its bills with honest and reputable taxation. We believe in the working-men of the nation. If loyalty and sympathy of industrial America are to be measured in terms of beer, then God save the Republic! The responsibility is upon Congress and we feel should not be passed up to the President. It is not a question of administration but of legislation—of right and wrong.

"As has been so well said, 'Congress might for once shoulder the responsibility.' The House has done so. We believe under your leadership the Senate will do likewise."

The list of those who signed the telegram follows:

W. H. Thomas, Z. B. West, Daily Register. The Blade, Huntington Beach News, A. J. Crookshank, president First National Bank; W. B. Tedford, John Anderson, A. J. Olson, secretary Orange County Savings & Trust Co.; Fullerton Daily Tribune, M. A. Yarnell of the Santa Ana Bulletin, J. A. Stevenson, Dr. C. C. Violett, Gar-

den Grove News, E. M. Nealley, E. E. Keech, Clyde Bishop, Dr. C. D. Hall, L. A. West, District Attorney; Walter Eden.

MAN LIFTS AUTO OFF
PEOPLE, SAVES LIVES

PASADENA, July 5.—The great strength of Joseph Lee, a road worker, saved the lives of Mr. and Mrs. M. Halpern, imprisoned under their flaming automobile where it had turned over at the summit of the Mount Wilson road. While a forest ranger dashed up the mountain to save them and another machine raced toward them, too, Lee single handed lifted the car off their bodies and dragged them out. Both Halpern and his wife were badly burned and bruised.

CHIEF BUTLER ASKED
TO BUY FLAT IRON

LOS ANGELES, July 5.—The fame of the Los Angeles police department's ability to find anything in the city, is far flung.

Writing from El Centro, Mrs. F. Wilford asks Chief of Police Butler to assist her in purchasing an oil-gasoline flatiron—"second-handed preferred."

An English inventor's safety suit for aviators is covered with parachute-like pockets, and the entire garment can be inflated to help break the aviator's fall.

A patent has been granted an Englishman for apparatus to steer vessels by pumping jets of water out of either side of their sterns.

WEST NABS MAN
LOOKING FOR
DOPE

Fred W. Keen, the dope fiend whom City Marshal Maxwell found at the Orlando rooming house, corner Fruit and Mortimer streets, protecting his wife from imaginary foes with an ice pick, was caught this afternoon in the office of Dr. S. V. West by West.

The man had broken into the rear office and was looking for dope when West returned and surprised him. Keen tried to rush out the rear side door as West entered.

West grabbed the man and held him until an officer could be summoned and turned him over to Joe Ryan.

A razor belonging to West was found on his person. There is evidence that the man tried to break into the physician's instrument case in which there was a fine "gun."

Keen was in West's office this morning calling while the doctor was away. He is undoubtedly the same man who was recently surprised in the offices of Drs. Dobson and Seeburger.

BOARD OF SUPERVISORS
M'PHEE AGAIN
NAMED SEALER

Re-appointment of Man Who Has Handled Weights-Measures Department

COUNTY PARK BE OPEN
EVENINGS HEREAFTER

The Board of Supervisors has opened the County Park to the public during evenings. Hitherto a special permit was necessary for a party to remain in the park after closing hours. By a rule of the board adopted today, the county park will be open to the public until 12 o'clock midnight on Tuesday, Thursday and Saturday nights, and until 9 o'clock all other nights of the week, without special permits of any kind being required.

This morning George McPhee, county sealer of weights and measures, was re-appointed to the position he holds. The appointment is for a four-year term. McPhee has made a splendid record in the office, and has been declared by the state superintendent of the weights and measures department to be the best county sealer in the state.

There were two applications filed for the appointment, one by McPhee and the other by Clinton Ives. McPhee was re-appointed unanimously.

County Advertising
The supervisors closed a contract with the Arrowhead Magazine for a special edition of that magazine to be devoted to Orange county. The magazine will be given a circulation of 12,000, with 2000 copies to be delivered to the Associated Chambers of Commerce. In addition 25,000 booklets of the county will be printed.

County Statistics
Miss Helen Craemer was again appointed to make up the annual statistical report of the county at a salary of \$25 a month.

A contract was entered into with the Los Angeles Chamber of Commerce whereby the county gets the use of the lecture room at Los Angeles Chamber of Commerce from 2 to 2:30 o'clock daily, except Sunday, for an illustrated lecture by D. W. McDannald, on Orange county.

The petition of D. J. Dodge for a new road at Harper was granted.

Lighting District
La Habra proposes to have street lights. A petition for the formation of a lighting district has been received, and its hearing is set for 10 a. m., July 30.

Salary Raised
The salary of W. S. Gregg, county aid commissioner, was raised from \$115 a month to \$125. Gregg has done an important work in looking after the county indigents, investigating all applications for county aid and cutting from the list all those he found as unworthy. He also has charge of the industrial insurance end of the county business.

AT THE COURTHOUSE
NEW TRIAL IS ASKED
IN CASE DECIDED
FOR C. L. DAVIS

A statement upon a motion for a new trial of the action in which C. L. Davis of Santa Ana got judgment against E. J. Marks of Fullerton for the price of an automobile that was sold to Marks by a man who worked for Davis and who did not own the automobile and had no authority to sell it has been filed. This is the first step upon an appeal.

Probate of Will
The will of Gerald N. Scove, who died in Santa Ana, was filed for probate today by Attorney C. A. Kingston, acting for Mrs. Irma Scove, petitioner for letters. Mrs. Scove, the widow, is to receive the entire estate, valued at \$13,000.

Recorder's Office
There has been recorded a notice of sale showing the transfer of a meat market at El Toro from W. E. Beckwith to John K. Vlier.

There is recorded an abstract of judgment for \$78 entered in Los Angeles township in favor of R. H. Arnett against F. E. Collins.

A mechanic's lien has been recorded by C. A. Seaman against John Blake and ranch property; demand, \$62.80.

For the Title
Suit to quiet title to property at Seal Beach has been brought by P. A. Stanton against H. E. Roach, administrator of the estate of Helen G. Roach.

Inheritance Tax
A statement has been filed by State Inheritance Tax Appraiser J. N. Anderson showing that a tax of \$479.48 has been paid on the estate of C. F. Crose, appraised at \$57,666.

Is Sent to Jail
Reuben Haley, who has frequently in the last week asked that he be sent to jail that he might there await the coming of a man whose name he does not know, was given a thirty-day sentence by Justice Cox on a vagrancy charge. The man is to be observed as to his sanity. He says that he has some money coming from the administrator of an estate at Bakersfield, but he is sadly muddled as to names. He says he thinks the man he seeks is in Santa Ana.

Beautiful light effects have been obtained in lamps by an European electrician who polishes both sides of thin sheets of marble and saturates them with paraffin or shellac.

Our Biggest June

Yes, we sold more goods last month than any June since we opened for business in Santa Ana. Thank each of you who helped make it our Banner June. And now within 10 days we begin our Annual Inventory and we find we have lots of goods that must be sold. We have gone carefully over our stock and have taken all broken lots and cut them deep. 'Tis impossible to give you a list of all these, but you will find all Ladies', Misses' and Children's Coats cut deep; all Summer Wash Goods at way down prices; Men's and Boys' Sport Shirts cut way down; big lot of remnants at remnant prices; all ladies' Waists cut to the quick; every Middy in our store cut in price, and lots of other goods at Before Inventory price.

We are closing out our men's hats at greatly reduced prices.

Then another thing, and a very important one after our inventory is completed, we will be compelled to advance the price on some items and it will be to your interest to anticipate your wants and buy freely now. Our stock is very complete and we ask you to "Come and Be Shown." During this Pre-Inventory Sale we are going to have an Extra Special every day which will pay you for a visit to our store, so watch this space every day. Our Extra Special for tomorrow (Friday) will be 2000 yards 35c Summer Wash Goods at 23c

Just when you need it, buy a mighty pretty dress for mighty little money.

FALLING GIANT BLOCKS ROAD FOR SANTA ANANS

F. T. Smith and Party Have
Experience in the Yo-
semite Valley

F. T. Smith, Santa Fe agent, and his party had a narrow escape from serious injury while traveling through the Mariposa big tree grove in the Yosemite last Wednesday. A giant sequoia, 250 years old, fell across the road 250 feet ahead of their machine and blocked them for two hours. Lumbermen had to be secured from a near-by lumbering camp to cut the monster in two places to make room for machines to pass through. They did not see the tree fall as it was just around a turn ahead of them. Another automobile party ahead of them came near being caught. It was late in the afternoon and there was no wind to cause the tree to fall.

Smith and his party had a delightful trip. They went up the coast to San Francisco, where they passed two or three days in taking in the sights of the northern metropolis.

They returned by the valley route, going into the valley from Merced. They went by way of the big trees and then on to Wawona, the fallen tree making their arrival at the hotel late. They reached there about dark and after having dinner decided to go into the valley that night, a distance of sixteen miles. They made the drive over the perilous roads without mishap. They left the valley Sunday morning, paying a second visit to the trees on the way out. They reached home Tuesday night.

The trip was made in Smith's new Grant Six and no trouble of any kind developed—not even a tire change being necessary. Gasoline cost from 19 to 40 cents a gallon, the latter figure prevailing at Wawona. The entire distance was 1,342 miles, and the machine averaged about 20 miles to the gallon of gasoline for the whole trip.

Smith was accompanied by his son and daughter, Vernon and Mary, and the latter's friend, Miss Atletta Merigold.

TALBERT

BEES ENDEAVOR TO TURN AUTO INTO HIVE

TALBERT, July 5.—When Will Jones came home to dinner Monday he left his machine standing under a tree in the yard and upon returning found it occupied by a swarm of bees. They had taken possession of the top, which was down and were all creeping back in the folds as fast as possible. He began brushing them out the best he could and finally raised the top and still they wouldn't leave, so as a last resort to gain possession he got in the machine and drove up and down the road a number of times. This finally decided the bees and they abandoned the idea of converting the machine into a bee hive.

ORANGE,

CALIFORNIA

Mr. and Mrs. R. B. Wardlow of Santa Ana visited their son, Robert Wardlow, and family, last Sunday.
Mr. and Mrs. Harold Bullock spent the day pleasantly at Laguna Beach last Sunday, enjoying a picnic lunch at noon.

Mrs. Robert Gisler, son Tom, daughter, Miss Della, with Mr. and Mrs. Bernard Stoffel of Anaheim motored

to Los Angeles in the new Chandler car purchased on Thursday from the Santa Ana Chandler agency by Mr. Gisler.

Mr. and Mrs. Harold Swift arrived from Lake View at the A. F. Swift home Sunday afternoon, going Monday to F. D. Plavan's. They will remain until after the Fourth or probably longer, visiting with relatives and friends.

Miss Della Gisler spent Monday shopping in Los Angeles.
J. G. Parsons bought a Ford machine of Stephen Fox this week and will have it converted into a delivery car for use at the store.

Mrs. Jess Davis, who has been indisposed the past week, is reported to be greatly improved.
Mr. and Mrs. Leo Borchard entertained Mr. and Mrs. F. E. Farnsworth and little son Edward at a dinner given at their home last Sunday.

Mr. and Mrs. Robert Harper motored to Seal Beach for the day Sunday. Richard Sweet of Orange spent Saturday and Sunday as the guest of Fred Hauptman at the Leo Borchard home.

Mr. and Mrs. Lloyd Flythe spent Sunday at Seal Beach.

Mr. and Mrs. Robert Gisler and family were Seal Beach visitors for the day last Sunday.

Mr. and Mrs. Frank Planchon and children visited Sunday with Mr. and Mrs. Harvey Walker. They were accompanied home by their little daughter, Martha, who had spent the week at the Walker home.

Mr. and Mrs. L. C. Rix and little sons, Victor and Edward, took a most delightful trip with Mr. and Mrs. W. Von Schrittz and Mrs. Beach up Mill Creek canyon in the San Bernardino mountains last Sunday. The party motored and went as far as the fish hatcheries where they ate dinner before starting on the return. The day passed delightfully for all, the only trouble being two blow-outs, which caused the men of the party to notice the warm weather.

Mrs. Will Jones and baby daughter Velma Jean and Mrs. W. A. Jones went to Huntington Beach Monday, where they will spend a couple of months at the latter's cottage. Little

Velma Jean spent the day before leaving with her grandma, Mrs. Swift. Mr. and Mrs. Kenneth Sargent moved into the Will Jones home the same day and will remain until Mrs. Jones' return.

Mr. and Mrs. Arnold Walker and little daughters, Bernice and Elinore, went to Long Beach Tuesday morning for a visit at the home of Mrs. Walker's sister, Mrs. Morton. The plans were for a family reunion at the beach and return home today. Mrs. Benefield and little daughters,

Louise and Katherine, of Los Angeles, a sister of Mrs. Walker, will return with them, as will also Alfred Higgins of Long Beach.

Alfred Higgins of Long Beach, who is spending the vacation months in Arnold Walker's employ, went home last Saturday to remain over the Fourth.

The attendance at Sunday school last Sunday morning was greatly increased over the usual number present while being held in the evening. It is thought that the latter arrangement will prove much more satisfactory.

Miss Kate Thompson, daughter of Mrs. Anna Thompson and Charles Adams were married at Santa Barbara last Thursday, according to a current report here. The young people left Thursday morning in Mr. Adams' machine ostensibly for a visit at his home near Bakersfield, where they were going to spend a couple of weeks, and to the surprise of their friends it proved to be their wedding trip also. They are expected to return in two weeks.

Church Notices: Sunday school, 10:30 a. m.; preaching, 7:30 p. m.; prayer meeting and choir practice Thursday at 7:30 p. m.—Rev. J. Alvah Andrews, pastor.

HARGRAVE FUNERAL TO TAKE PLACE TOMORROW

Funeral services for Rufus M. Hargrave, aged 76 years, who passed away Tuesday at the home of his daughter, Mrs. E. E. Cope, at Orange, will be held tomorrow at 10 a. m., from Smith and Tuthill's chapel.

CATLAND SUCCESSFUL IN NAVY EXAMINATION

Alfred Catland, son of Mr. and Mrs. O. S. Catland of this city, has successfully passed the examination for apprentice seaman in the navy and left today for the training station at Goat Island.

Dr. Enoch, phone 602W, 411½ Main.

Tell Your Wife Corns Lift Off

Doesn't hurt a bit to lift corns
or calluses off with fingers.

Not a twinge of pain or soreness before applying, or afterwards. This may sound like a dream to corn-pestered men and women who have been cutting, filing and wearing torturous plasters. Yes! Corns lift out and calluses peel off as if by magic.
A small bottle of freezone costs but a few cents at any drug store. Apply a few drops directly upon your tender corn or callus, and instantly the soreness disappears; then shortly the corn or callus will be so loose that it lifts off.
Freezone dries instantly. It doesn't eat out the corn or callus, but just shrivels it up so it lifts away without even irritating the surrounding skin. Women should keep a tiny bottle handy on the dresser and never let a corn or callus ache twice.

Why Straight-Distilled Gasoline

Because, in a straight-distilled gasoline the boiling points gradually rise in a continuous unbroken chain, giving easy starting, quick and smooth acceleration, power and mileage. Boiling points alone reveal gasoline quality. As the U. S. Bureau of Standards states, gravity tells you nothing. No mixture, however cleverly concocted and no matter what its gravity, can contain the correct, unbroken series of boiling points.

Red Crown is guaranteed to be a straight-distilled refinery gasoline, the boiling points of which form a continuous chain. Red Crown is not a mixture.

STANDARD OIL COMPANY (CALIFORNIA)
"The Gasoline of Quality"

RED CROWN GASOLINE

A Continuous Chain of Boiling Points

High Boiling Points for power & mileage

Medium Boiling Points for quick & smooth acceleration

Low Boiling Points for easy starting

Our Trust Department--

Is in a Position to Administer Estates at a Minimum Cost.

You employ a specialist when you need legal or medical advice, because you recognize the value of skill and training.

The officers of this bank have made a special study of the economical handling of estates and all matters pertaining thereto.

A sound institution such as this bank, has many advantages to offer that no individual could possibly have. We are never absent, but are available at all times. Experience has proven that no individual can administer an estate nearly so satisfactorily nor economically as a banking institution holding a charter from the state and duly qualified to perform such services.

LAGUNA BEACH NEWS BUDGET

LAGUNA BEACH, July 3.—Mrs. Frank Miller of the Glenwood Mission Inn at Riverside and her sister, Miss Richardson, are occupying their cottage at Arch Beach for a short time. Mrs. Miller says that Mr. Miller is quite worn out from the strenuous Red Cross work he has been doing recently, and will be down soon for a few days of rest. Mr. and Mrs. Miller purchased the well-known cottage, "The Dolphin," which juts out over the edge of the cliff, almost within reach of the high-tide waves. Miss Dolphin was the original owner. She now occupies a beautiful home on San Juan Point.

Four young ladies from Claremont are making the Shaw cottage, on Laguna Heights, their headquarters during a short stay here. They are from Pomona College and have many friends among the summer school students, so they find their time passing almost too swiftly for their entire satisfaction. Miss Mary Daniels, Miss Edith Kingman, Miss Anna Stewart and Miss Marjory Shaw make up the group. They will return to Claremont in ten days.

Mr. Ted Shawn and Mr. Allan Clark of the Denishawn School of Interpretive Dancing spent three or four days of last week at "The Honey-suckle Court" on Laguna Cliffs. They were very favorably impressed with the beach and expect to come down a little later in the season. They will bring a group of students with them for a house party.

Mr. and Mrs. Raymond Cree spent Sunday in Laguna. Mr. Cree is the superintendent of the Riverside schools.

Mr. and Mrs. W. F. Rath, Miss Mary Rath and Mrs. E. R. Berner of Pasadena are now at Arch Beach. They will remain until after the Fourth.

Honeysuckle Court, with its tree and flower surrounded apartments and its fragrant honeysuckle hedges, is attracting many people this summer. Mr. and Mrs. C. W. Finigan of Los Angeles are spending the days from Sunday till after the Fourth there. They have taken rooms in the main building.

Mr. and Mrs. E. A. Tuttle, also of Los Angeles, have taken "The Den" for the month of July. Mr. and Mrs. E. H. Granger and their family have taken one of the apartments for July. The Grangers are from Ontario.

Mrs. A. L. Banks, Miss Fern Banks, Miss Hazel Banks and Mr. Francis H. A. Banks of South Pasadena are at the Laguna Beach Hotel.

Miss Ida McIntyre and Miss Daisy McIntyre of Hollywood are at the

CRISIS OF WOMAN'S LIFE

Change Safely Passed by Taking Lydia E. Pinkham's Vegetable Compound.

Wagoner, Okla.—"I never get tired of praising Lydia E. Pinkham's Vegetable Compound because during Change of Life I was in bed two years and had two operations, but all the doctors and operations did me no good, and I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound."

which brought me out of it all right, so I am now well and do all my housework, besides working in my garden. Several of my neighbors have got well by taking Lydia E. Pinkham's Vegetable Compound."

Mrs. VIOLA FINICAL, Wagoner, Okla.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through the crisis.

O. M. Robbins & Son
402 N. Sycamore St.

hotel for several days.

Mr. William L. Judson, Mrs. Judson and Miss Judson are occupying the Yoch cottage, "Twin 2." They will remain all summer. Mr. Judson is a well known art teacher and expects to have classes throughout the season.

Miss Gertrude Morgan of Santa Ana has taken the Witmer cottage for a week.

Mr. and Mrs. Nelson of Santa Ana spent the week-end at the hotel. Mrs. Nelson is a bride of only two or three days. Before her marriage she was Miss Zimmerman, a very attractive

The Snuggery, a very attractive cottage on Laguna Heights, has again been rented by the Riverside Y. W. C. A. for a summer camp. Mrs. Alice Hunt and Miss Jessamine Hunt are now in charge of a group of twelve young ladies. The camp will be open for one month. Miss Harriett Robbins, who chaperoned the camp last year, was unable to come down when the present group came. She has been ill, but expects to be able to come down by the seventeenth. Miss Robbins is now secretary of the Y. W. C. A. She and her colleagues are using their influence to secure "The Snuggery" as a permanent camp for the Riverside Association.

Miss Margaret Isch and Miss Barbara Isch are at home again after a week spent in Inglewood. They visited Mrs. Redman Barnett, who before her marriage was Miss Carrie Yoch of Santa Ana.

Dr. and Mrs. W. G. Terry and Miss Annie Laurie Terry, who have been occupying their Arch Beach cottage for a couple of months, returned Monday to their home in Los Angeles. Dr. Terry and his family spent the winter out on the desert, where the doctor has large interests in the date ranches. Mrs. Zeb Terry, Dr. Terry's son's wife, and her father, Mr. Jones, of Los Angeles, motored down to Arch Beach Saturday. They spent the week end there and the Terry drove back to the city with them Monday.

Mr. Bert Kingman of Riverside has opened his cottage at Laguna. Mrs. Kingman and Miss Ruth Kingman will not be down immediately as the latter has not been well.

Mrs. C. F. Grimm, Miss Mary Grimm and Miss Ruth Grimm of Anaheim arrived in Laguna Sunday and occupied their cottage on the Cliffs during the Fourth.

Mr. and Mrs. G. G. Merrill and their daughter, Miss Estelle Berter of Riverside returned to their home Monday afternoon. They spent two weeks in the Ferris cottage on the bluff just south of the hotel.

Mrs. Sadie L. Basford and her small son, Carlos, returned Monday after a three days' visit in Los Angeles.

LAGUNA BEACH, July 5.—Miss Betty Mae Logan of Los Angeles and her brother, who is a prominent broker of New York City, are occupying Mrs. Phillips' cottage on Laguna Cliffs. When they first came to the beach they intended to stay only a month, but are so delighted with the place that they may extend their visit an extra three or four weeks.

Mrs. Amy Expert of London, Eng., her niece, Miss Kathryn McLelland, also of London, and F. H. Montgomery of Berne, Switzerland, are Laguna visitors for a few days. They are staying at the Laguna Beach Hotel.

Fred Bradley and Fred Stratton of Huntington Beach are at the Laguna Beach Hotel. These gentlemen are in Laguna seeking a change of air.

Mr. and Mrs. E. J. Dunn of Pueblo, Colo., Mrs. Dunn's daughter, Miss Frances Fleming, and a friend, R. L. DeKamp, have taken rooms at the Laguna Beach Hotel for a visit of indefinite length. Mr. and Mrs. Dunn are prominent hotel people of Pueblo, and are in California on account of Mrs. Dunn's health. She has been suffering from a nervous breakdown and is now resting. The party came to Laguna last week, but have been away for several days in the meantime.

Mr. and Mrs. T. H. Elijah and their family are occupying the Malva cottage, owned by Mr. Yoch. They are well-known residents of Orange.

E. T. Cook and his wife of Santa Ana are spending the Fourth at the Laguna Beach Hotel.

Four young ladies of Orange are spending a few days at Laguna. They have taken rooms at the Laguna Beach Hotel and will remain until after the Fourth. Miss Nell E. Crist, Miss Ina Marshburn, Miss Edna S. Brangle and Miss Luella Cutwright make up the group.

Mrs. E. E. Jahraus, Miss Pauline Jahraus, Miss Alice Fullerton, and Mrs. V. W. Sloane, of Laguna Beach, spent Tuesday afternoon in Santa Ana. Miss Fullerton and Mrs. Sloane spent the time at the Red Cross headquarters learning to make ammunition pillows. Mrs. Jahraus, who is chairman of the Laguna Beach auxiliary, took

SAYS DYSPESPSIA IS FIRST COUSIN TO THE DEVIL

Some one has truthfully made the above statement and I really believe that every dyspeptic or person suffering from stomach trouble can say most emphatically "Amen." Chronic dyspepsia not only tortures its victim, but leaves its mark upon the face, so all may read you as a dyspeptic. It causes you to be grouchy, fretful, irritable, nervous and almost makes you hate yourself. Besides, it is positively dangerous. If you have a sour, gassy, belching, painful stomach; if your meals don't fit and you feel all out of sorts, don't allow yourself to become a chronic dyspeptic. Go now to your druggist and get a 4-oz. bottle of the remarkable new prescription Stumetz. Take a little after meals as directed and drive the blue devil dyspepsia out. Eat what you like, enjoy your meals, yourself and your friends.—Adv.

The Five Tires?

Lower Tire Cost Than Ever—NOW

For, in the old days, tires not only cost motorists more per tire, but were also so far inferior to the present product, that the final cost—the cost per mile—was from 50 to 100 or more per cent. higher than you pay now.

United States Tires—the 'Royal Cord', the 'Nobby', the 'Chain', the 'Usco' and the 'Plain',

- one for every need of price and use,
- produced by the largest rubber manufacturer in the world,
- produced by the most experienced tire manufacturer in the world,
- produced by a time-tried, exclusive, patented, vulcanizing process,
- produced of only the most carefully selected materials,
- have so far eclipsed every other make of tire that

United States Tires are famous for their mileage-giving qualities—their low cost per mile.

The proof?—the consistent and persistent tremendous sales increases of United States Tires.

United States Tires Are Good Tires

A Tire for Every Need of Price and Use
'Royal Cord' 'Nobby' 'Chain' 'Usco' 'Plain'

United States TUBES and TIRE ACCESSORIES Have All the Sizing Worth and Wear that Make United States Tires Supreme

SANTA ANA ASTONISHED BY MERCHANT'S STORY

A merchant relates the following: "For years I could not sleep without turning every hour. Whatever I ate caused gas and sourness. Also had stomach catarrh. ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-ika relieved me INSTANTLY." Because Adler-ika flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. The Rowley Drug Co.—Adv.

AMERICAN COMMERCE CHAMBER IN BRAZIL

BY H. B. ROBERTSON
(United Press Staff Correspondent)
RIO DE JANEIRO, June 3 (by mail).—The American Chamber of Commerce is "on the job." Believing that the actual introduction of American made goods into the Brazilian market and the establishment of Brazilian goods in the American market works to the practical strengthening of trade relations between the two countries better than oratory and after dinner compliments, the American Chamber in this city has effected an agreement with the Commercial League of Brazil for the exchange and disposition of the products of both countries.

By the terms of the agreement the American Chamber proposes to find agents or buyers for all products offered to the American markets by members or through the Commercial League of Brazil. In return the League promises to provide the same outlet for American goods for which there is a demand in the Brazilian markets. Both organizations will work through their membership and affiliations in their respective countries.

An American manufacturer or exporter desiring to place his goods in Brazil may do so through the American Chamber who will furnish the necessary information as to procedure and methods, and by the co-operation of the Commercial League, will arrange agents and merchants to handle the goods.

Group, Whooping-Cough Relieved
Children's diseases demand preparedness. When the child wakes you at night, gasping and strangling for breath, how thankful you are to have Dr. Bell's Pine-Tar-Honey at hand. This effective remedy loosens the mucous and permits free and natural breathing. Its soothing balsams heal the irritated membrane and arrest further inflammation. Pleasant to take. Keep Dr. Bell's Pine-Tar-Honey in the house for all colds and bronchial troubles. At your druggist's, 25c.

NEWS BUDGET
ABOUT HARPER

HARPER, July 3.—Mr. and Mrs. Kearny Wright are the proud possessors of a brand new 3½-pound baby girl, who arrived at their home Friday afternoon.

Mr. and Mrs. Will Boyd have as house guests Mr. Monroe and two daughters of Imperial Valley. Monroe is Mrs. Boyd's father. He is an old resident of Harper and his old neighbors are glad to see him. He reports extreme heat in the valley with fatalities to both man and stock.

A very pleasant afternoon was enjoyed last Thursday, by the members of the Ladies' Aid of Harper church, at the home of Mrs. John Horn, the occasion being a stork shower for Mrs. John Wood, wife of Rev. John Wood of Newport and Harper. She was the recipient of many beautiful and useful gifts. A delightful program was given consisting of piano solos by Mrs. A. R. Johnson and Mrs. Quinn, reading by Mrs. Nichols of Newport and an original poem by Mrs. Parish, composed for the occasion. Master Allen and little Miss Bernice Wright wheeled in the basket containing all gifts and little Miss Martha Spaulding sang a lullaby, placing her dollie in the basket. Mrs. David Armstrong then, in a few well chosen words, presented the basket and contents to Mrs. Wood, who responded in her usual delightful manner. Light refreshments were served.

Mrs. Mary Drury of Lawton, Mich., is the guest of her cousin, Mrs. E. A. Spaulding, for the summer months. N. O. Mellett sold his home ranch to F. D. Folsom of Santa Ana, giving possession last week. Mr. Folsom is superintendent of the dredging outfit in the Newport Bay district.

Fred Brush is the new man caring for the greens at the Orange County Country Club.

Miss Virginia Gillespie is a patient at the Clara Barton Hospital, Los Angeles, having undergone an operation for appendicitis. At last reports she was recovering nicely.

Mrs. E. A. Spaulding and Miss Jennie Claxhorn were Los Angeles visitors Saturday. They called on Miss Gillespie, who is convalescing at the Clara Barton Hospital.

It is rumored a brazier shop is to be erected on the New Alhambra property.

Mr. and Mrs. Robert Evans of Santa Ana spent the day with Mr. Evans' parents, Mr. and Mrs. James Evans, Sunday.

Mr. and Mrs. Leonard Swales motored to Los Angeles Friday for the day. Mrs. Swales attended Friday Morning Club with her mother, Mrs. Harmon. After luncheon a matinee party was held at the Orpheum, then a birthday dinner, of which Mrs. Harmon was the honoree.

Mr. and Mrs. Sears of Arcadia are visiting their daughter, Mrs. Dan Reich and family, for over the Fourth.

Mrs. George Horn and small son and mother, Mrs. Blatchley, are guests at the home of Mr. and Mrs. John Horn. Leonard Swales has his yacht entered in the Balboa race for the Fourth. The Mesa should attend in a body to boost for him.

Homers and Ellis Mellett are employees at the Newport glass plant.

Rev. John Wood is taking a two-weeks' vacation at Catalina Island.

Norris Mellett and Willard Mellett with their families visited Mrs. Willard Mellett's parents at Oowney, Sunday.

Miss Anna L. Stearns of Long Beach spent the day Friday with her sister, Miss Mary L. Stearns and brother, Willard Stearns.

Miss Mignon Stearns returned to her home Saturday after a week's visit with her grandmother, Mrs. Harmon in Los Angeles. Mrs. Harmon accompanied her, and will visit over the Fourth.

The meeting of the Fairview Citrus Farmers Association is postponed one week on account of the Fourth of July, and will be held July 10 at the home of Mrs. Newsum.

Mrs. Coke, formerly of the Mesa is at the Dr. Dodge home for a few weeks.

George McGinnis is in the marine ward of the Crocker Street Hospital in Los Angeles, awaiting papers so he can transfer to Fort Stanton, N. M., where it is hoped he will soon recover his former health.

Mrs. Daisy Hall of Newport Heights has acquired the ownership and taken possession of the Newport grocery, formerly owned by Butterfield. Mrs. Hall has moved the stock of goods from the Mesa to her new location.

Walter Young took a trip to Los Angeles Monday.

Mr. and Mrs. Rex Stansbury returned to Sierra Madre after a week's visit with George Huntington and wife. Stansbury and Huntington took a few days' camping and fishing trip.

Robert Coyner is the new distributing agent for the Los Angeles Times. Friends and Neighbors of Harper, Newport Heights and Fairview: I have taken up the work of correspondent for the Register and will very much appreciate your giving me any news. Tell me of your visitors and your visits—of any unusual happening or phenomenal growth of your crops; something you have raised you are proud of; anything in fact that you know your neighbors would like to know. Both the Register and myself will be very grateful for same. Phone 9J2. Mrs. C. A. Wilkinson.

TODAY'S WAR RECIPE

FRUIT CAKES

One pound of dates, half a pound of mixed nuts, juice of two lemons, one tablespoonful of ground rice, Stone and chop the dates. Put the nuts through the mincer. Mix nuts and fruit. Grate in the yellow rind of one lemon, and with a wooden spoon shape into a small roll. Finish the shaping with your hands, dipped in the ground rice. Put on a plate until the next morning, when it will be firm enough to eat in slices. (Your first aim must be to save bread.)

NEWS BUDGET
FROM TALBERT

TALBERT, July 5.—The beautiful double ring ceremony uniting in marriage Harry Harper, one of Talbert's popular young men, and son of Mr. and Mrs. J. O. Harper, to Miss Maybelle Patterson of Bolsa, was performed by Rev. Harcourt W. Peck, pastor of the First M. E. church of Santa Ana on Monday morning at 10:30.

The ceremony took place at Rev. Peck's home and was witnessed by Mrs. W. T. Patterson, mother of the bride and Mrs. J. O. Harper, mother of the groom and Ruth and Donald Harper, a sister and brother.

The charming bride was beautiful in a dress of blue silk with trimmings of white crepe de chine with appropriate accessories and carried a lovely bouquet of white carnations and fern.

Mr. and Mrs. Harper left immediately in their machine for the wedding trip, their destination being San Diego.

They expect to return on Thursday of this week and will then be at home at the pretty bungalow home which is already prepared for their occupancy. As the bridal couple passed through Bolsa on their way to Santa Ana Monday morning they were given a shower of rice by a large number of friends who had gathered to accord them this farewell. They and the machine were literally drenched in it as each person was supplied with a bag of the rice and were not backward in disposing of it. They estimated about ten pounds landed safely in the machine and the amount left on the boulevard will testify of the occasion for some time to come.

J. O. Harper and Arnold Walker who have been baling their own hay crops finished Monday of this week. The last setting was for J. O. Harper and H. Y. Evans.

Mr. and Mrs. U. H. Plavan and Paul Plavan motored to Balboa for the afternoon Sunday.

Mr. Frank Thomas of Santa Ana visited Friday night and Saturday at the home of her daughter, Mrs. Harold Bullock. On Saturday afternoon she returned home with Miss Gladys and Miss Samone Thomas who motored out for her.

Ben and Dan Thompson spent Sunday afternoon at Huntington Beach.

Mr. and Mrs. F. D. Plavan motored to the Perris ranch Thursday of last week, returning Friday morning. Leiland Plavan accompanied them and will remain throughout the harvest.

Mrs. Frank Carrilli has as her guest this week her sister, Miss Mary Nole of Santa Ana.

Fred Pope was the purchaser of a new Ford machine this week.

Mr. and Mrs. Wm. Shank accompanied by Mr. Shank's brother who is visiting them from Arkansas, were guests Sunday at the S. E. Talbert home.

Rev. and Mrs. J. Alvah Andrews returned home Thursday after several days absence. They were accompanied by Rev. Andrews' sister, Miss Anna.

Mrs. Andrews visited at the home of her parents at Long Beach the three days Rev. Andrews attended the district church conference at Ventura.

He reports a most interesting meeting and a very enjoyable trip. Rev. Andrews was accorded the honor by the presiding elder, Rev. R. P. Howell, of delivering the opening address of the conference.

Mrs. Andrews and sons Robert and Willie drove over from Long Beach Sunday evening to attend church services. Miss Anna Andrews returned home with them.

S. E. Talbert is baling his hay on the Paulino ranch, using his own baler.

Almost every farmer about Talbert is busy with the haying.

Chas. Smith has sold his interest in the blacksmith and repair shop to his partner, Roy Wardlow. Lloyd Flythe will be connected with Mr. Wardlow.

John Pope and A. P. Vincent attended the I. O. O. F. lodge at Santa Ana last Thursday evening. Speeches were made, toasts given and stories told which were enjoyed by all. The floor work of the initiatory degree was put on by veteran members of over twenty-five years experience in the order. About 450 members from different lodges were present. The work was exceedingly well done and a very nice supper with cigars was served in the beautiful banquet room.

Mrs. S. E. Talbert has been appointed chairman for Talbert by Mrs. Dunn of Garden Grove, who has charge of the registration for the Food Pledge of California in this part of the county. Mrs. Talbert now has the pledge cards and will be glad to register all ladies who are interested in this movement and wish to sign up. Mrs. L. C. Rix has been appointed secretary of this district by Mrs. Talbert. If enough signers are enrolled a demonstration will be given showing the simplest methods for drying and canning fruits and vegetables. The demonstrators will tour the state and there are no charges connected with it. This is not compulsory, but it is hoped that all the ladies will prove their interest in the food conservation and sign the pledge, so giving the central committee a chance for distributing literature on the subject. The pledges contain the following questions: Name? Street? City? Occupation of bread? Winner? Number in household? Do you employ cook? Have you a garden? Fruit? Will you take part in authorized neighbor movement?

Mrs. Donahue was pleasantly surprised by the arrival of her brother, Ed Hanley, whom she had not seen for two years. Mr. Hanley is from Imperial and will spend some time at his sister's home.

Mr. and Mrs. L. T. Wells and two small children had a narrow escape from death about 9 o'clock Sunday evening as they were returning home from Huntington Beach. Mr. and Mrs. L. A. Wells and family of Los Angeles had spent the day with them and all motored to Balboa in the afternoon, returning home and going on to Huntington to the band concert.

Mr. and Mrs. L. T. Wells and the babes were driving in advance on the

Keep Business Going for Our Country's Sake

Business Can Go On As Usual. Business Should Go On As Usual. Business Must Go On As Usual and Business WILL Go On As Usual

The country at large is prosperous—never was more so. In our own county and city prospects for the future were never brighter. never before in the history of Orange County has there been as great an increase in its wealth as during the past year. Our city has naturally developed by reason of the general prosperity. Progress has been made in the locating of manufacturing and other wealth-producing enterprises. Merchants of Santa Ana have been constantly adding to their stocks of merchandise thus attesting their confidence in the future growth of their business. Ranchmen are producing larger crops for which, in most cases, they are receiving better prices than ever before.

The Great National Demands in the Present Hour Are For Men and Money, Which Are the Sinews of War

The men are being trained and made ready for service. The money to keep things moving must be raised by the creation of wealth through the usual business channels.

Men and women of wealth should continue to supply their personal and household needs on the same scale as ever—or better. They should buy as good apparel, as beautiful home fittings, etc., as ever—or better. They should buy as much as ever—or more!

This means business as usual, employment for all and profits to share with the Government and victory to our arms.

People of moderate means should not reduce their living standards. They must not become suspicious or parsimonious in the face of a situation that calls for enterprise, encouragement, optimism, progress and business as usual.

If all these people suddenly withdrew their support from the channels of business, business declines, profits disappear, unemployment increases, with its attendant adversity and danger—danger more serious than one dares to suggest.

To pledge themselves to buy as little merchandise as they possibly can is to pledge themselves to cut down war revenues as much as they possibly can—to pledge themselves to the financial embarrassment of our Government, our army and our navy.

PROFITS WILL INCREASE

But if the men and women of America will realize this responsibility, this opportunity, and do their bit in this matter as splendidly as they

do in other branches of national service, business will increase, employment will increase, profits will increase, and the sinews of war will be strong enough for the task.

Eliminate waste—the tremendous waste that is prevalent all through our daily life; but do not economize parsimoniously, do not slow up the machinery of commerce that must produce the money that pays for the war. Don't hoard food—buy it and eat it—plenty of it—but don't waste it. The same with other necessities of life. Stop waste, but—business as usual.

It is an established fact that if we all eliminate the waste of time, energy, and the things that money will buy; just the waste, not the necessities, not the comforts, not even such luxuries as we can afford—we would have more than enough to pay the huge war cost that is before us and must be paid.

Every merchant and business man in the country has now taken into his affairs a new partner—the United States Government. Every merchant and business man is willing and glad to turn over a good share of his business to this new partner. What if the Government finds a large number of its business partners unprofitable and unproductive.

It is the business of the people—all the people, and particularly the business of the people of means—to keep business as usual. Continue to buy your normal wants in a normal way. The business can produce its normal profits and pay its full share of the cost of war. This is patriotism as fine as any.
